## JOHN M'KEE IS PROBABLY FATALLY HURT

Noble Township Farmer Seriously  
Burned in Accident at His Home  
This Afternoon

### IS FORMER BANK CASHIER

Recently Re-elected Member of  
County Council—Active in Organ-  
izing New Salem Bank

John F. McKee, well known farmer, county councilman and formerly cashier of the New Salem State bank, was probably fatally injured shortly after noon today at his home 2 1/2 miles northeast of New Salem, when in some manner an acetylene tank located in the basement of the dwelling exploded, while he was working with it.

The exact cause of the accident, or the seriousness of his injuries, were not learned this afternoon. Physicians, including Dr. J. C. Sexton, Dr. Frank H. Green of this city and Dr. P. H. Metcalf of New Salem were called immediately following the explosion.

It was stated that he was badly burned as the result of the explosion.

Later word this afternoon was to the effect that he was resting easy, and that he was not believed to have been burned as badly as first thought.

His clothing caught fire from his waist up, and his body was burned.

His eyesight was not affected, nor did he inhale enough of the gas fumes to cause serious injury.

The residence was not set on fire by the blast.

Mr. McKee retired several months ago as cashier of the New Salem bank, after having assisted in organizing the institution several years ago.

He also was re-elected to the county council last November. He is a prominent farmer, and has always taken an active part in affairs in Noble township.

## WIDOW ALLOWED \$8.62 A WEEK COMPENSATION

Petition Of Mrs. Martha Ralston As  
Outgrowth Of Accident Here  
Satisfactorily Adjusted

### HUSBAND FATALLY INJURED

A hearing before Mr. Dresser, a representative of the Indiana State Industrial board was held today in the court house on the petition of Mrs. Martha Ralston 307 East Eighth street, widow of Elmer Ralston, factory laborer, who met his death as the result of an accident a few weeks ago at the Rushville Furniture factory.

The matter was settled satisfactorily between the petitioner and the compensation insurance company which insures the employees of the factory, and on account of the total disability of the wage earner, the petitioner was granted \$8.62 a week for the period covering 300 weeks, as set out in the state law. The amount of weekly compensation represented 55 percent of the wage earners, wages at the factory.

It will be recalled that Mr. Ralston was working at a lathe, when a pile of lumber on a small truck, turned over, and a heavy plank struck him in the head, causing his death several hours later.

### HARDING STILL IN ROOM

Washington, Jan. 19.—President Harding, while showing gradual improvement from his attack of grippe, was still confined to his room today at the order of his personal physician, Dr. Sawyer.

Judgment For Mrs. Edna Miller Be-  
lieved Largest Ever Awarded in  
Similar Case Here

### JURY DELIBERATES 1 1/2 HOURS

Plaintiff Alleges That Parents of Her  
Husband Alienated His Affections  
For Her

The jury which heard the alienation suit of Mrs. Edna Miller against her parents-in-law, Mr. and Mrs. Burton Miller, gave the plaintiff one of the largest amounts in a judgment recalled here for sometime in a similar case, by awarding her \$4,500 judgment against both defendants.

The plaintiff, in her complaint, demanded \$10,000 judgment, which is the customary sum usually sought in such cases. The jury deliberated about an hour and half before rendering their decision.

It was intimated today that the defense would appeal the decision to the supreme court of Indiana.

No case of the same nature has attracted as much interest in the county as that case did. The plaintiff, who prior to her marriage was Edna Hardin, alleged that the parents of her husband caused the separation and that they alienated his affections for her.

Considerable evidence was presented by each side and the case required three days for trial. The plaintiff was represented in court by T. M. Green and John A. Titsworth, attorneys of this city, and the defense by C. W. Duncan and Douglas Morris of this city, and Rollin Turner of Greensburg.

## ELMER HUTCHINSON IS NEW PRESIDENT

Arlington Man Is Elected Head Of  
Indiana Grain Dealers Associa-  
tion At Annual Meeting

### CHARLES RILEY SECRETARY

Elmer Hutchinson of Arlington has been elected president of the Indiana Grain Dealers association and Charles B. Riley, formerly a grain dealer of this city, has been chosen again as secretary of the association. The election took place at the closing session of the twenty-first annual meeting held in Indianapolis this week.

Mr. Hutchinson, who is a progressive business man of Arlington, has taken an active interest in the grain dealers' affairs, both state and national, and has held important offices in the latter named organization.

Resolutions were passed commending the work of the state fire marshal's department, but expressing the belief that the department is not sufficiently financed to accomplish its highest purposes and urging the general assembly to continue the department under an increased appropriation. Aid of the grain dealers to the Near East Relief was pledged.

Congress was urged to repeal the war tax law, relating to telephone and telegraph messages.

The constitution of the association was amended to invest in the board of managers full authority to transact all business between meetings.

## ANNIVERSARY OF CLUB IS OBSERVED

E. Richard Edwards Speaks To Ki-  
wanians, Outlining Growth Of Or-  
ganization In 8 Years

### TRUE MEANING OF THE WORD

Says Spirit Of Kiwanis Grows Out  
Of Faith, Vision And Service—  
Is Member At Logansport

"Anniversary Week" of the Kiwanis club celebrating founding of the organization January 21, 1915, was observed at the regular meeting of the Rushville Kiwanis club at the Social club Thursday and the address was made by the Rev. E. Richard Edwards of Logansport, himself a Kiwanian, who is holding a series of meetings at the Main Street Christian church.

Other guests present were the Rev. L. E. Brown of the Christian church and C. W. Mendenhall of Chicago.

At the next weekly meeting, reports by chairmen of all the committee of the club will be made.

The Rev. Mr. Edwards briefly reviewed the growth of Kiwanis in the eight years just completed, discussing the purpose of the organization, the fullness of the meaning in the name Kiwanis and the spirit of Kiwanis.

The speaker asserted that the spirit of service does not mean talk but work, which he illustrated with the story of the lazy negro who became converted and wound up a fervent prayer with, "Use me Lord, use me—in an advisory capacity."

"The spirit of Kiwanis grows out of faith, vision and service," the Rev. Mr. Edwards said. "Faith cures whining and crookedness, keeps down suspicion, gets us somewhere and enables us to do business because there is eighty times as much business done in a year as there is cash in existence. Vision looks forward, not backward and takes us out of the woods and up to the heights. Service promotes team work peace and good will.

"The universe is a great cycle of service and God the greatest servant of all. Even the dust of the earth, so despised at close view, when finally distributed in the atmosphere, protects us from the scorching rays of the sun and makes possible the glories of sunrise and sunset."

The speaker emphasized each point with unusually well chosen illustrations and made the luncheon one of the best the Kiwanis club has had.

## RUSH COUNTY LOSES IN THE TRANSACTION

Pays State \$25,608.72 and Receives  
\$10,265.49 in Apportionment of  
State School Fund

### SHOWS LOSS OF \$15,343.23

Rush county loses \$15,343.23 in the exchange of school revenue this year, according to figures compiled at the county auditor's office following receipt of the county's share of the state school fund to be distributed among the townships and the school corporations of the county on a per capita basis.

There was collected in Rush county for school purposes in 1922 \$23,158.03 for the state school fund and \$2,450.69 in the common school interest fund, making the total taxes for school pupils, outside of the local school taxes, \$25,608.72. In the apportionment by the state auditor, this county received \$10,265.49.

The loss was greater than last year when the county paid \$19,842.65 in state school fund taxes and \$2,195.14 on the common school interest fund, making the total \$22,037.79. The county received back \$9,512.19, the county's loss being \$12,525.60. The loss this year was \$2,817.63 greater than last year.

The difference between what is paid to the state and what is received in the apportionment represents the amount Rush county pays for the support of schools in the poorer counties of the state.

## FREED OF GUILT IN MASSACRE CASE

Five Defendants Accused of Murder  
in Connection With Mine Riots at  
Herrin, Ill., Acquitted

### VERDICT DELIVERED AT 1:50

Jury Deliberates 36 Hours and 40  
Minutes and Takes Six Ballots  
No Demonstration

(By United Press)

Marion, Ill., Jan. 19.—The five defendants in the Herrin massacre trial were found not guilty by a jury in circuit court here today. The verdict was delivered at 1:50 p. m. after jury had deliberated thirty-six hours and forty minutes.

The accused men—Otis Clark, Peter Hiller, Bert Grace, Leva Mann and Joseph Carneghi—had been brought to trial on charges of murdering Edward Hoffman during the riot in and about the Lester strip mine last June.

Six ballots were taken by the jury. The hush that fell over the court room was broken by no cheers and outbursts. An audience of five hundred spectators heard the verdict. Under close watch of deputies they passed out smiling only in satisfaction. The verdict was passed up to Judge Hartwell who read the jury decision, one by one.

Twenty two men were killed in the Herrin massacre on June 21-22 of last year, when union sympathizers and non-union workers clashed in one of the bloodiest industrial battles in the history of the nation.

The slaughter occurred at the Lester strip mine, near Herrin, a typical mining town in the heart of the Southern Illinois coal fields.

"Bloody" Williamson county, scene of the battle, earned its nickname which has marked its records for more than a century.

The trouble at Herrin started when non-union miners were shipped into mine coal at the Lester mine, owned and operated by W. J. Lester president of the Southern Illinois

## SERVES AS MEMBER OF ONE COMMITTEE

Earl F. Priest Attends Annual Con-  
ference of County Assessors—  
Auditor Also Present

### COMMITTEE SUGGESTIONS

Earl F. Priest, Rush county assessor, was a member of the committee on legislation at the annual conference of the county assessors of the state, held in Indianapolis under the auspices of the Indiana tax board, which closed Thursday. Phil Wilk, Rush county auditor, and a few of the township assessors from this county, also attended the conference. The attendance of county assessors is compulsory, their expenses being paid by the county as provided by law.

Recommendations of the state tax board for amendment of the tax law, approved by the committee on legislation, included authority for the state tax board to issue equalization orders that may affect a township or any taxing unit within a county, the right of the state board to certify for review and reassessment any property in the state at any time on or prior to November 1, and repeal of all laws exempting from taxation any property which is not devoted entirely to public use.

The committee on legislation also recommended that the assessing period of all real estate be made at a different time than the year in which the taxing officials are elected, specifying that the next assessment of real estate be made in 1925 and thereafter every four years. Repeal of the laws which exempt from taxation bonds issued under the Barrett law, for the construction of improvements, and for the construction of drainage, was urged. Enactment of a law providing that all municipal bonds shall be taxable which bear interest in excess of 4 1/2 percent was advised.

## ELIAS JULIAN, 76, IS DEAD

Expires This Morning at the Home  
of His Son Near Gings

Elias Julian, age 76 years, expired this morning about five o'clock at the home of his son-in-law, Paul Krumkoff, living near Gings. Death was caused from an illness of paralysis. The deceased was born in Ohio, in February 1846. He and his wife were making their home with their daughter in Union township in recent years. Besides the daughter, he is survived by the widow, a son and another daughter.

The funeral services were not completed today, and will be announced Saturday.

## OLD AGE PENSION BILL PRESENTED

Measure Before Legislature Pro-  
vides For Support of Residents  
Past 70 Years

### NO PLAN TO RAISE MONEY

Abolition of County Poor Homes Au-  
thorized by Measure to be Intro-  
duced in Senate

(By United Press)

Indianapolis, Ind., Jan. 19.—An old age pension bill was presented to the Indiana legislature today by Representative Schwartz of Indianapolis.

It provides that anyone may receive a state pension upon reaching the age of seventy years with the following qualifications.

1—Resident of Indiana for fifteen years.

2—Citizen of the United States for fifteen years, and a resident for forty years.

3—Must not be an inmate of a state institution.

4—Must not have been imprisoned for more than four months and then ten years prior to the time of application.

5—Must not have deserted wife or children or failed to support them for a period of more than six months at any time. The same applies to women.

6—Must not have made application for public charity or must not be a "tramp" or beggar.

7—Must not be depending on a responsible relative.

8—Funeral expenses up to \$100 will be paid to any beneficiary of the pension.

The bill does not provide any specific means of raising the money nor does it specify how much pension shall be given. The latter feature is left to the discretion of a state pension committee of three members created under the bill. The committee is directed to employ a pension superintendent at a salary of not more than \$4,000 a year. A pension board in each county would administer the law directly by issuing pension certificates each year.

Abolition of the county poor homes and providing for a pension system to support dependants is provided in a bill which may be introduced in the senate Monday by Senator James Nejd of Lake county.

## SOLUTION OF ROBBERY SEEN

Three Men Arrested At Clinton For  
Dyer, Lake County, Theft

(By United Press)

Clinton, Ind., Jan. 19.—The robbery of the Dyer bank in Lake county of several thousand dollars a month ago was believed by authorities today have been solved in the arrest here of John Perry, proprietor of "The Blue Bird Inn," Thomas Turdick Perry, a bartender and Anton Cassack, a patron of Perry's road-house.

The three men were taken to Dyer to face a robbery charge. It is charged that Cassack dressed as a woman and carrying a market basket entered the bank and obtained several thousand in travellers checks while the other two men stood guard outside.

(By United Press)

London, Jan. 19.—All branch German banks, credit institutions and tax collectors offices in the Ruhr were confiscated by the French today according to a General News dispatch from Berlin.

Dusseldorf, Jan. 18.—The French today seized a Deutch Bank automobile which was transferring 150,000,000 marks from a Reichbank branch. The latter building was padlocked and patrolled. After the seizure, all the banks in Dusseldorf were closed.

Essen, Jan. 19.—French troops in the Ruhr seized, banks, trains, coal barges, automobiles and other offices in simultaneous raids in all parts of the Ruhr valley today.

Many arrests were made. Mines at Zwickel, Gladbeck and Reichenhausen were occupied and the German miners, defiant, were debating together whether they should strike.

German Red Cross cars from Southbur to Northbur were confiscated by the invading troops. Ten train dispatches were placed under arrest as long fuel trains were seized and headed westward.

Essen, Jan. 19.—French troops seized and occupied two state mines in the Buer region of the Ruhr today.

The directors, and President Ahrens of the mine management at Reibiesen were arrested.

German workers immediately threatened to strike in retaliation, demanding release of the officials and removal of the troops.

France also began development of a customs line around the Rhineland Ruhr.

## PLANE CRASHES TO GROUND AT KOKOMO

Captain Frank Fisher, 26, Is Killed  
And Fred Ruddell Of Globe  
Stove Co., Injured

### AN ALTITUDE OF 1,000 FEET

(By United Press)

Kokomo, Ind., Jan. 19.—Captain Frank Fisher, 26, army aviation officer, was killed, and Fred Ruddell, general manager of the Globe Stove Company, was injured internally Thursday night when their seaplane crashed to the ground from an altitude of 1,000 feet.

Persons who say the plane fell said Captain Fisher was piloting it through some stunts when he apparently lost control.

Fisher's skull was crushed, his right thigh and his left leg were broken. He was dead when taken from the wreckage.

Ruddell apparently was unhurt when he was taken out, it developed that he was hurt internally and several bones may have been broken.

Captain Fisher was in the 113th observation squadron, 37th division. His home was near Frankfort. He had been flying government planes all afternoon and had taken Ruddell up shortly before darkness on a stunt trip.

### LOSES HEROIC FIGHT TO COME BACK FROM DRUG SHADOWLAND

WALLACE REID

By R. A. DONALDSON  
(U. P. Staff Correspondent)

Los Angeles, Calif., Jan. 19.—In the little Hollywood chapel where make-believe scenes of sorrow and death have been filmed times without number, hushed preparations were made today for the funeral of "Wally" Reid, screen idol whose brilliant career was dramatically closed yesterday when he lost a heroic fight to "come back from the shadowland of drugs."

Two blocks away the great Lasky lot where Wally rose to fame was deserted and silent. Sunlight flickered on gaudy sets and massive stood gaunt and shuttered, while on scenes; the great glaring Kleig lights the lips of film folk there was but one phrase:

"Dope must go!"

After two years of whispered rumors about the victims that the narcotic tentacles have claimed among actors, the climax—the death of Reid

—caused the film colony to consecrate itself with amazing unanimity of spirit to drive out the menace to the industry.

Reid died yesterday at a sanitarium where he was treated for the last month following a nervous breakdown. His wife Dorothy Davenport and their child, were at the bedside at the end.

Congestion of the lungs and kidneys, caused by his nervous breakdown was given by physicians as the immediate cause of death which followed a sudden relapse after it appeared he might recover. The doctors said, however that the star's general condition was made worse by the effects of drugs which, according to his wife and mother-in-law, Wally, ceased to use shortly before his breakdown some time ago.

The funeral will probably be held tomorrow, when the ever-present camera which recorded Wally's rise to fame and fortune will as relentlessly film his tragic "fade out."

### THREAT TO KILL FAMILY

Made Following Attempt On Dr.  
McKoin's Life, Witness Says

Bastrop, La., Jan. 19.—Threats to kill the whole family in retaliation for the alleged attempt on the life of Dr. D. M. McKoin, were made following the murder of Watt Daniels and Thomas Richards, witnesses testified in the hooded mob hearing here today.

"We will consume the whole dam Daniel family to find out who shot at Dr. McKoin," Jap Gonnes told him Dr. D. M. McKoin, were made following the murder of Watt Daniels and Thomas Richards, witnesses testified in the hooded mob hearing here today.

Jap did not realize he was talking to a brother-in-law, J. L. Daniels the witness said.

### FRENCH SEIZE MINES BANKS AND TRAINS

Continued from Page One

Within the limits of the newly occupied zone, the invaders tightened their hold on the pulse of German industry. Decks of the Rhinren canal were seized and all traffic to Germany was halted. Four trains loaded with coke were halted.

Director Schlutius of the German tax office, was arrested at Dusseldorf, because he refused to deliver his books to the French.

The latter instituted measures to work the state forests, collect customs and a 20 percent coal tax.

German coal operators met with General Fournier last night; the result of their conference is not yet known, but it is assumed they refused to make required coal deliveries, and that Herr Tyssen and others will shortly face a French court martial.

Germans in the Ruhr, while pleased at the French policy of "open arrest" of Thyssen and other coal operators, by which the industrialists are left actually free to come and go, are frankly concerned over the ever-tightening economic pressure.

Seizure of the national coal tax, already decreed in the formally occupied Rhineland region, is causing particular uneasiness.

There was a minor disturbance at Altessen today when a German policeman was arrested for refusing to salute a French officer.

### Is Green No More

"My experience with your medicine has been wonderful. My stomach and liver trouble of five years standing took a new turn two years ago when I took on an olive green complexion. I spent \$1,200 with doctors and specialists only to prove that I was still as green as ever. A friend advised me to take Mayr's Wonderful Remedy, and I am green no more. My stomach and liver trouble has all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## Good Health Secret of Beauty

Beauty lies in the care a woman bestows upon herself and in keeping at bay those dread ailments peculiar to her sex, which drag her down and leave telltale traces upon her countenance. Sparkling eyes, the elastic step and a clear complexion never accompany organic troubles. Distressed expressions, a sallow complexion, dark circles under the eyes, lassitude, headaches, and mental depression are the telltale symptoms of women's ailments. Women so troubled should not lose a day in taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, the most successful remedy known to overcome woman's ills and restore health and beauty.

Continued from Page One  
 Coal Company. Union miners were on strike at the time.

The miners were protected by armed guards who according to testimony at the trial, "abused, assaulted and robbed" farmers and miners living near the mine.

Feeling, always strong against non union men, was fanned to fever heat by the alleged action of the guards.

The miners arranged a meeting in the woods, near the mine, to discuss the situation. As they were talking, an automobile, bearing non-union miners from the railroad station came along the road. The truck was opened fire on and three passengers wounded.

The news of the first bloodshed spread rapidly and a mob quickly formed. A few hours later hundreds of miners and their sympathizers marched down on the non-union mine. Two miners who attempted to effect a truce were fired upon and one was killed.

Angered by the attack the mob

escaped. Forty eight, barricaded in box cars, held out until dawn and then surrendered on the promise of safe escort to the railroad.

They were lined up and the "death march" started.

Leaders harangued the mob as the marchers plodded along. Finally C. K. McDowell, crippled superintendent at the mine collapsed and refused to go further. He was shot down and killed.

Panic seized the prisoners and some fled and were shot as they ran. The mob seized others and marched them away to the woods. When the smoke of battle cleared away nineteen non-union men had been killed. State authorities found the bodies scattered through fields and woods. Six were shot or stabbed to death in the little Herrin cemetery.

The investigation by a coroner's jury led to a verdict charging the mine operators with responsibility because they brought armed guards and non-union men into a peaceful community.

Efforts to bring the men to trial had apparently been dropped when industrial and civic organizations in all parts of the state raised a fund and demanded that the murders be brought to trial.

Seventy-eight men were indicted on more than 200 counts of murder.

The five men on trial were charged with the murder of Howard Hoffman, a mine guard, who died from wounds received in the battle. They were Otis Clark, Bert Grace, Peter Hillo, Leva Man and Joe Carnaghi.

The miners through the check-off system built up a fund of more than \$1,000,000 to be used by the defense. Each of the five defendants received \$7.50 each day he was in jail and defense witnesses called away from their work were paid \$9.60 a day.

Proverbs 11:1

## A Satisfactory Answer

An increase of \$86,000,000 in ex-  
ports during last November as com-  
pared with November 1921, is a very  
satisfactory answer to the repeated  
statement of the opponents of the  
new tariff law, during the last cam-  
paign and while it was being debat-  
ed in congress, that it would hinder  
foreign sales by producers in the  
United States.Exports for November, 1921, to-  
taled \$294,000,000, and the first full  
month under the Fordney-McCumber  
law, (October figures included 10  
days of September) they totaled  
\$380,000,000. With the exception of  
exports to Asia, which fell off \$4,-  
000,000, those to every other grand  
division showed marked improve-  
ment: To Europe they increase, \$63,-  
000,000; to North America, \$15,000,-000; to South America, \$9,000,000;  
and to Africa and Oceania, \$3,000,-  
000.Every European country, men-  
tioned in the advance sheet of the  
department of commerce took more  
of our goods in November, 1922 than  
in November, 1921, the most marked  
increases being to France, \$13,000,-  
000; to Germany, \$3,000,000; to It-  
aly, \$5,000,000; to the Netherlands,  
\$3,000,000; to Russia in Europe,  
nearly \$2,000,000; to Spain, \$2,-  
000,000; to Sweden, \$1,000,000; and  
to the United Kingdom, \$29,000,000.  
These are the countries which, the  
opponents assured us, would stop  
buying from us when the law became  
operative.The country was assured last Sep-  
tember that the administration was  
proposing to erect a Chinese tariff  
wall from Eastport Maine, to Puget  
Sound, Washington, to keep out  
Canadian goods, and that as a con-  
sequence Canada would probably  
boycott American goods and the  
country would be ruined. But we  
sold Canada \$41,000,000 worth of  
our products in November, 1921,  
when the old tariff law was in opera-  
tion, and \$55,000,000 worth in No-  
vember, 1922. And Canada got a  
good slice of our market at the same  
time.Sales to Mexico fell off \$4,000,-  
000, the two periods compared, but  
to the ten other Latin American ter-  
ritories mentioned, which include Ar-  
gentina, Brazil, Chile, and Colombia,  
our exports increased from \$26,000,-  
000 to \$39,000,000. A 45 percent in-  
crease to Cuba is worth nothing,  
since we were told that an increased  
duty on sugar would peeve the  
Queen of the Antilles so that she  
would take her trade to some other  
shop. Exports to Australia and New  
Zealand increased \$2,600,000, indi-  
cating that there is no insuperable  
wall between us and the wallabies,  
and they have their own protective  
policies also. There was a falling off  
in exports to Japan of \$4,600,000  
which further confounds the prophe-  
cies, since they were predicting that  
the decreases in sales would be to  
our debtors—and Japan is not one  
of our debtors. Japan has a little  
kink in her purchasing power just  
now, and besides, she is increasing  
her ability to manufacture her own  
goods, the department of commerce  
explains.Altogether, the export trade for  
November is a pretty good indication  
that the opponents of the new law  
did not know what they were talking  
about a few months ago, and that  
the Sob Sisters of Anti-Protection  
are a hard lot to be wished off on  
our Uncle Samuel.The Hodge - Podge

## THE DOG MEETING

On Christmas eve, the "Dog So-

play-ground with Snickel-Fritz  
Green as their President and Snap  
Cross as the Chairman. There were  
many other dogs of which I have  
not time to mention. First they sang  
a song entitled "Yelp, my fellow tail-  
bone-wigglers, yelp!" Amid the  
"wow-wow, speaks and squaks," one  
could not hear himself speak.Next they told what they were go-  
ing to get for Christmas. Snickel-  
Fritz said, "I am going to get a beef-  
steak." And Snap said, "I'm going  
to get a can of seedless salmon."  
"I'm going to get a new blue ribbon  
and a cup of canless milk!" said a  
tiny poodle dog, very much excited  
indeed. "Well, my fellow sniffers,  
said the President "let us sing 'The  
Hee-Haw Blues' ". After that was  
over, they had a good role in the  
snowy sand and rode home in their  
"Cadillacs" and called on "Mrs.  
Hay."

## WANTS BIG SUM FOR NEXT FIGHT

Dempsey Will Not Consider Any Match Unless He Can Get His Share of \$500,000

### MIGHT DEMAND EVEN MORE

Kearns and Dempsey Will Meet Rickard Next Week to Discuss Plans and Fix Prices

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Jan. 19—Jack Dempsey will consider drawing on a glove for any kind of a real contest for less than \$500,000. When he starts talking terms with Tex Rickard he probably may ask more.

Dempsey and Kearns are to be here next week to discuss the subject with Rickard and they have already made up their minds on what they are going to demand.

If Rickard is allowed to arrange a big contest in New York where a top price of \$25 can be charged, Dempsey will ask for about \$650,000. If the fight is staged in New Jersey where the law limits admission prices to \$15, the heavyweight champion will be content with \$500,000.

Before terms are discussed, Dempsey will ask the promoters to deposit about \$50,000 to prove that he is not merely looking for publicity.

When the articles are signed the champion must get one third of his purse and the remaining two thirds must be handed over before he steps into the ring.

The New York commission ruled some time ago that no guarantees would be allowed in the state and that all boxers would have to work on a percentage basis. If the commission insists upon preying into the actual arrangements for the next defense of his title, Dempsey will agree to work for sixty percent of the gross receipts, it was learned.

Dempsey, it is also understood, is not enthusiastic over the idea of a decision fight if one of several contenders is named as his opponent. He would rather work in New Jersey or have the no-decision prevail in New York but that, of course, is impossible under the law.

Although it established a record, Jack Kearns has always maintained that he and Dempsey got none the better of the bargain when Tex Rickard gave them \$300,000 for fighting Carpentier.

"There wasn't anything near \$300,000 when he finished paying off," Kearns has always said.

## Y. M. C. A. MAN IS OUT WITH FACTS

Tanlac Completely Overcame Long Standing Stomach Trouble and Restored Failing Health

Harry W. Terry, 532 Madison St., Gary, Ind., a well known Y. M. C. A. employee, is still another who is enjoying a "wonderful appetite, perfect digestion and robust health" as a result of the use of Tanlac.

"Tanlac has been a sure-enough health investment for me," said Mr. Terry, "and I believe it is the right thing for anyone in a run-down condition. For about a year no kind of food appealed to me, for my appetite was gone, and everything I did eat hurt me. I would tire easily, had raging headaches, and my nerves kept me awake nights."

"Since taking Tanlac my stomach and digestion are in the best of condition and I have an appetite to be proud of. All that is left of my troubles now is the memory of them and I have never felt more healthy and active than I do now. I start my day's work feeling fine and finish up feeling the same way, and it's all due to Tanlac."

Tanlac is for sale by all good druggists. Over 35-million bottles sold.

### Princeton Holds Championships

By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, Jan. 19—Princeton had a rough year of sports during the 1922 seasons. The best the Tigers could do was to win six intercollegiate championships in—football, soccer, basketball, water polo, golf and polo.

The gridiron championship of the "Big Three" and the best claim to the eastern championship, of course, was the most valued accomplishment on the field.

Being as the Tigers are of the opinion that a little slump in their prowess on the field will mean their exit from the "Big Three", there isn't much need for worry in the immediate future.

Harvard didn't set anything on fire in 1922, but the Crimson figures the year well spent since Yale was beaten in football, track and hockey.

Yale beat Harvard on the water and the diamond, but the football triumph in the thing that all Yale and Harvard athletes pull for, and the others are trivial.

Jack McAuliffe and some of the other veterans who regard the present day boxers as "cake eaters," will have to modify their remarks when they are to include Mercei Montes, the little Texas lightweight, who

went fifty-one rounds to knock out Jimmy Dundee in Mexico City.

Many of the old time boxers regard fifteen rounds as a mere workout and it was a rather general opinion that there were very few boxers in the ring today who could go more than twenty rounds.

When two second raters have endurance enough to go fifty-one rounds, it does not speak badly of the modern crop of battlers.

From a straight standpoint of endurance there is no doubt that as many of today's fighters could go over just as long a distance as some of the old timers.

Modern fighters take their business seriously and train strictly for their business. Old timers did not.

From another viewpoint, however, it is doubtful if two high class well-matched boxers would have to go more than twenty or thirty rounds.

Scientific hitting and skilled mechanics of fighting are products of the new game.

Benny Leonard and Lew Tendler in a finish fight for the lightweight championship would be a wonderful card, and so would one to the limit between Harry Greb and Tom Gibbons or Greb and Gene Tunney. Either of the latter would produce a new light heavyweight champion and Benny probably would be a tired lightweight champion about the twentieth round.

## Hittin' 'Em and Missin' 'Em

### EXAMS KNOCKED SOME OF 'EM COLD

Hittin' 'em understands that the examinations this week up at school, proved to be the final downfall for some of the best basket players. Our guess on tonight's line-up will be Newbold and Hilligoss at forwards; Phillips at center; McNamara and Carmel at guards. Walker and Erdle are the best bets for utility men. The latter is a new one, as he played on the Raleigh team last year, and became eligible today to play on the local team.

Several other teams in Rush county will be busy tonight. Milroy plays Hopewell; Fortville plays at Carthage; Laurel plays at Raleigh and Moscow plays down at Newpoint.

Richmond expects to beat Newcastle tonight by at least ten field goals. That is only twenty points, while we had it figured that it would be at least a 30-point margin.

Newcastle almost got tipped last Wednesday, when they played Eaton, a little hamlet in Henry county. The final count was 29 to 24, but the five-point margin wasn't anything big to yell over.

### CASADY TO REFEREE

Hittin' 'em has been asked several times about the referee for the game tonight at Connersville, and we learn that it is Fred Casady of Anderson. He is a new one for this part of the state, but was highly recommended.

### BRING 'EM UP; WE'D LIKE TO SEE 'EM PLAY

"Moscow H. S. girls have had a very successful season thus far—this being the first year for the girls basketball at Moscow," informs a Moscow reader. "They have lost but two games and those were the first two, and they have defeated such strong teams as Burney, Arlington, Raleigh, and Manilla—by good scores."

Wouldn't it be funny if our own Moscow basket team would prove to be a "Little Sandusky" at the Tri-State tourney in which they are entered at Cincinnati next month?

### WE BET THIS PLAYER PASSED

Someone over here just happened to remark that it would be too bad if Robinson on the Connersville team also "flunked". In case he didn't, you basketball players had better get his number right at the start.

### HERE'S BASKETBALL GALORE

A notice headed, "Feature attraction at Blue Ridge Saturday night—basketball galore," tells us that the Moscow high school will play St. Paul, the Moscow high school girls will play the Manilla girls, and the Moscow Independents will play the Rush County All Stars. On the same bill, for Tuesday night, appears, Moscow Independents vs. Shelbyville Commercial; Moscow high seconds against either Waldron or Milroy seconds.

### HIGH SCHOOL DOPE By Mr. R. H. S.

Dear Hittin' 'em:—Why don't you use the influence of your column to a good advantage, and make the high school team quit "losin' 'em"? On Dec. 22, of last year, I started a column, similar to yours, in the sport page of The Republican. That night Rushville played New Palestine. Rushville won that game and every other game from then on until the state tournament. Draw your own conclusions."

### WHY DIDN'T YOU LEAVE THAT RABBIT FOOT AT HOME

If sure is a shame that you had to quit writing your "dope" column, Mr. R. H. S. because no doubt when you left high school it caused a jinx to be placed on the team. The only place where you fell down last year according to your own version, was that the treatment didn't hold out for the season. If you were so successful in piloting the team from the New Palestine game up to the state tourney, why on earth did you stop at the tourney? Why didn't you make 'em win the tourney?

### FIVE IN A ROW COMES NEXT

After Rushville gets through with Connersville tonight, the team will play their next five games here at home, meeting Shelbyville, Elwood, Newcastle, Cathedral (Indianapolis) and Garfield (Terre Haute). What's your guess?

### MARRIAGE LICENSES

Two marriage licenses have been issued by Loren Martin, county clerk to the following couples: Joseph A. Butler, a farmer of this county, and Rena May Turner, also of this county; Alvin Atwood White, a contractor and Mrs. Ada Anderson, of this county. The latter couple was married by John P. Stech, justice of the peace, late Thursday afternoon.

## PURDUE WRESTLERS NEED EXPERIENCE

Coach Von Bernuth is Devoting His Time For Training Next Year's Mat Men

### VARSITY SQUAD IS SHORT

Only Four of Last Year's Men Are Left as Foundation for the Team This Year

By HEZE CLARK  
(Written for United Press)

Lafayette, Ind., Jan. 19—Coach W. S. Von Bernuth of the Purdue University wrestling team lacks experienced men from which to develop a championship wrestling squad this year. However the coach is devoting much time to the Freshmen as well as the varsity and is expected to develop a formidable aggregation of grapplers next year.

Only four men remain on the varsity squad. Around these veterans Von Bernuth is working hard to develop wrestlers who will fill the team as weights left vacant by seniors who graduated.

Wrestling is more popular than ever at Purdue since the athletic directors have declared that it develops men for football. The mat game gives the men just the training that they need for gridiron sport and the Purdue's football men are being urged to join the wrestling squad.

Of the four letter men on the Purdue team, Captain Dye appeared to be the best until he hurt his right arm in football. This slowed up his mat work but Dye probably will recover from his injury in time to be a factor in the 145 pound class in the Big Ten wrestling meets. Last year he won third in the conference meet at Madison, Wis., in the welter-weight class.

Shorty Turner just now appears to be the best man on the Boilemaker mat squad. A year ago he stood second place in the 115 pound class at the conference meet.

Turner is an expert and is able to take punishment as well as give it.

## ARLINGTON ADDS ANOTHER VICTORY

Athletic Club Five Defeats Cumberland, 49 To 33, In Game That Was Close Most Of Way

### THREE GOALS IN 20 SECONDS

The Arlington Athletic Club added another game to their long list of victories Thursday night when they defeated the Cumberland team, 49 to 33, in a very fast game, closer than the score indicates.

The teams played almost even until well up in the last half, when the Arlington team, by a wonderful spurt, caged three field goals in twenty seconds. It seemed to dishearten the Cumberland boys but, however, they showed flashy teamwork at times and had a real squad. The score at half time was 23 to 19, in favor of the A. C.'s.

All of the Arlington players were in good condition and played the best game of the season. Shook and Gardner each made eight field goals. Johnny Wicker, floor guard also played a good game.

The Junior A. C.'s had easy sailing with the Orange team, whom they defeated 48 to 12. On Thursday night, January 25, the Connersville Anstead Engineering team will play the A. C.'s at Arlington.

The Tri Kappa sorority will be entertained Monday evening at the home of Mrs. Walter E. Smith in North Harrison street.

Miss Donnan's class in Literature will meet Saturday afternoon at 2:30 o'clock in the Elks club rooms in East Second street.

The Willing Workers of the Methodist Episcopal Sunday school held their monthly meeting Thursday afternoon at the home of Mrs. L. H. Doughty in North Morgan street. The business session was the first thing on the program followed by a social hour and the hostess served delectable refreshments.

Mrs. Cliff Winship was a charming hostess Thursday when she delightfully entertained the members of the Merry-Go-Round club with a turkey dinner at her home south of the city. The appointments of the dinner were very pretty and covers were laid for seventeen guests. In the afternoon Five Hundred was enjoyed.

According to a clipping from the Los Angeles Times, the engagement of Miss Mary Louise Bliss, daughter of Mr. and Mrs. Will M. Bliss, and formerly of this city, to Blaine Gibson of Anaheim, California, has been announced. Miss Bliss is well known here, having been popular among social activities while residing in this city. The clipping is as follows:

Miss Mary Louise Bliss, daughter of Mr. and Mrs. Will M. Bliss, of 417 South Wilton Place, entertained a number of her friends at the Mary Louise Tea Rooms yesterday afternoon, and revealed the secret of her engagement to Mr. Blaine Gibson of Anaheim.

The wedding will take place on the 31st inst., at the home of the bride. Miss Bliss is a graduate of Ward Belmont and of Indiana University, and is a member of the Kappa Alpha Theta sorority, in addition to being one of the particularly attractive members of the younger set.

Mr. Gibson is now city editor of the Anaheim Herald, having graduated recently with university honors. He is a member of the Delta Tau Delta fraternity.

Miss Margaret Trader entertained the Dough society Thursday evening at her home, and Miss Eloise Kelley was admitted as a new member. Light refreshments were served before the members adjourned.

Mrs. A. B. George entertained the Social Circle of the M. E. church of Orange Thursday afternoon. An interesting program was enjoyed by ten members who responded to the roll call. Dainty refreshments were served.

The Ladies Aid Society of the St. Paul's M. E. church will meet Tuesday afternoon at 2:30 with Mrs. Frank Sample, 830 North Morgan street. She will be assisted by Mrs. Ed Lyons and Mrs. Henrietta Stevens.

The Ladies of the G. A. R. enjoyed a social meeting at the home of Mr. and Mrs. Joe Stevens in West First street Thursday evening. The guests spent the evening socially with contests and games. Dainty refreshments were served. Mr. and Mrs. Stevens will leave soon for Florida where they will spend the remainder of the winter.

Thirty young people of the First Baptist church attended the Flat-rook district conference of the B. Y. P. U. held at Cambridge City Thursday evening. A six o'clock dinner was served in the basement of the church. The roll call of each church represented was answered by a stunt or short talk by a member of the group named. This was followed by a most interesting address given by Dr. H. N. Sherwood of Franklin college. At the conclusion of the program Mr. Cox of Richmond, who is the state president of "The Life Service League" gave a short explanation of the purpose and work of the league. The orchestra from the local church under the direction of William Clark, furnished music for the evening. It was decided by the conference that the next meeting be held here March 15.

### MANY FLORAL OFFERINGS. MESSAGES OF CONDOLENCE

Many messages of condolence and floral offerings from notable persons were received at the funeral of Miss Florence Simms, formerly of this city, who died recently while visiting her parents at Mattoon, Ill. According to a Mattoon newspaper, which has been received here, at the services were a number of those with whom Miss Simms was most actively engaged in her work as head of the industrial department of the Young Women's Christian Association, they coming mainly from New York and Chicago.

During the final illness and since the death of their daughter, Mr. and Mrs. Simms have received many telegrams of condolence from prominent women and organizations of working girls, members of the Young Women's Christian Association, all over the country. One which more nearly expresses the sentiment of all came from Mrs. Emma Bailey Speer, president of the national organization of the Young Women's Christian Association and wife of one of the leading Presbyterian ministers of New York. This message follows:

Mr. and Mrs. M. M. Simms,  
Mattoon, Ill.:

"It seems unbelievable that we are not to look upon her face again. To have known her, to have followed her leadership, has been one of the great privileges of twenty-five years of association service. She was a noble type of American womanhood, one of the great women of this generation. Thousands will rise up and call her blessed. We sympathize in your sorrow, and glory in your honor as those who gave her to the world."

One of the messages as well as a beautiful floral piece, came from Mrs. John D. Rockefeller. Other wealthy women of New York, all financial supporters of the Young Women's Christian Association, as well as otherwise actively engaged in the work, sent messages of sympathy and floral offerings.

### ARMED FORCE AT OUTSKIRTS

"Citizens' Court" Continues Rounding  
Up Strikers In The Face Of  
The Investigations

(By United Press)  
Harrison, Ark., Jan. 19.—The federal government today began an investigation of vigilantes rule this week.

A committee from the state legislature also was expected to begin a probe of the situation and the lynching of E. C. Gregor and flogging of more than a score of former employees of the Missouri and North Arkansas railroad at the hands of the mob which organized to prevent paralysis of train service.

C. A. Arambright and a corps of assistant department of justice operatives arrived here last night. They began investigating.

Harrison became an armed camp at dusk when word spread that a hostile force had organized at Springfield, Mo., and Götter Ark., and was marching over the hills to overthrow the mob. Shot guns and rifles which have been carried openly through the streets were kept handy by every man.

An armed force was posted at the approaches of the town, ready to hold off an attack until reinforcements could be organized. Home guards, hastily formed by vigilante leaders, were active in the streets, shuffling back and forth until midnight.

The "citizens' court," rounded up strikers for questioning in the face of the investigations. A statement issued by the committee said the legislative investigation was welcomed and "we congratulate ourselves on having wound up this situation with a minimum amount of tragedy and unpleasantness." What the civil and court authorities were unable to handle in the past two years the citizens have accomplished in two days time.

### OLD AGE PENSION BILL PRESENTED

Continued from Page One

The bill which has been drafted would permit dependents to live on support of funds from the county and allow them to live with friends or relatives.

Whether public utilities will be assessed for taxation on the same basis as they are assessed for rate making will be the question for special business in the senate when it convenes Monday. The bill which would have divided automobile licenses and registration fees equally between state and counties was killed by the house of representatives when it adopted a committee report recommending indefinite postponement. The measure was introduced by Representative Knapp of Hagerstown.

### CERTIFIED POTATO SEED DOES BEST AT LAPORTE

An experiment testing the relative value of certified potato seed and uncertified local seed was carried out on the farm of A. G. Tamlin, in LaPorte County, with decisive results in favor of the imported certified Michigan Rural Russets, and five acres adjoining with average local seed. Seventy bushels per acre of the Rural Russets were harvested this fall, while on the neighboring five acres, the local seed produced 55 bushels per acre. Not only was the production from the certified seed 15 bushels per acre higher, but the size and quality of the potatoes were also much better, according to county agent, C. A. Buechner, who arranged for the demonstration.

**RICKETY PARIS TAXI THAT HELPED SAVE FRANCE PUT IN WAR MUSEUM OF HOTEL DES INVALIDES**

Photo of the "taxi symbolique" and its chauffeur, Louis Gouault, which was recently ceremoniously installed in the war museum of the Hotel des Invalides, Paris. This rickety old car, like its driver, is a war hero—for it is one—the typical one—of the hundreds of cabs which were commandeered to rush soldiers to the front, to check the flood of the German Army toward Paris, eight years ago. Number 2662G-7—a veteran even when Gouault volunteered at the call to save Paris and carried the soldiers to the front—today is riddled with bullets, creaking with age; but it wheezed its own two cylinder way to the museum with Gouault, the proudest chauffeur in all Paris, at the wheel. Gouault, by the way, is 52 now and was beyond the draft age at the time of the threatened invasion of Paris—but he disregarded his years.

**AMUSEMENTS**

**Elsie Ferguson At Princess**

A jump from a steamship into the sea and who is rescued by a sea-plane, is the chief figure in one of the most dramatic incidents of "Outcast," a new Paramount picture starring Elsie Ferguson, which will be a feature at the Princess Theatre today and Saturday.

The story of this impressive and thrilling photoplay deals with the efforts of Miriam, a deserted wife who is thrown into the streets through poverty, to reclaim a man who dissipates because of his hopeless love for a fickle woman. The various phases of this picture narrative which have their climax in an attempt at suicide and rescue at sea, are highly thrilling, and in all the role portrayed by Miss Ferguson is said by her to be one of the strongest she has essayed during her screen career of five years.

"Outcast" is a pictureization of the play of the same name by H. H. Davies, in which Miss Ferguson starred in New York in 1914. The role of Miriam is an exciting one requiring historic ability of a high order.

**David Powell, well known leading man, plays opposite Miss Ferguson, and Mary MacLaren, who was leading Woman for Wallace Reid and other stars, has the role of Valentine.**

The supporting cast includes among others, William Powell, William David, Charles Wellesly and Teddy Sampson.

**Western At The Mystic**

Henry B. Walthall has the character lead in "The Long Chance" at the Mystic Theatre today.

Ralph Graves has the romantic leading role.

Marjorie Daw is opposite him—in a "triple" role, portraying one character and another character at two ages twenty years apart.

Grace Marvin, William Bertram, Jack Curtis, Boyd Irwin, Leonard Clapham, George A. Williams, Margaret Cullington and Mai Wells have other principal roles.

Jack Conway directed this imposing aggregation of famous players. The scenario he worked from was prepared by Raymond Schrock, supervisor of the Universal City scenario department. The story itself is by Peter B. Kyne.

"The Long Chance" pictures the old West as it really was. The story is dramatic, but there are no fast moving squads of drunken cowboys and no senseless gambols of reckless posers. The local is the Mojave desert in bold mining days and twenty years later, and the story is developed logically without lessening the "hurrah" element in the popular conception of the West, according to those who have viewed the picture.

"The Long Chance" is typical of a series of all-star productions Universal is making.

## Won Every Racing Classic In United States

Jimmy Murphy and Tommy Milton won every major racing classic in the United States in 1922 with motors equipped with Perfect Circle Oil Regulating Rings.

Grueling race victories, the stringent test of leading manufacturers, the trials of every day service—all have proved the superiority of the Perfect Circle Oil Regulating Rings.

These Rings regulate the oil without scraping the cylinder walls. And they provide positive lubrication always. When these rings are installed an oil mileage of 1000 to 1500 miles to the gallon is obtained.

HAVE THEM INSTALLED IN YOUR CAR.

## No more Rheumatism

*"Suffering has gone from your face, mother!"*

**S. S. S. is the Great Builder of Red Blood-Cells and Rheumatism Must Go! Just Try It!**

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

**DEAD SOULS IN A LIVING BODY**

E. Richard Edwards Refers to Those Who Live in Pleasure and Are Dead to Higher Life

"STINK" IN THEIR SINS

Says Jesus Did Not Weep Because Lazarus Was Dead but Because of People's Unbelief

Another fine audience enjoyed an excellent sermon Thursday night at the Main Street Christian church by the Rev. E. Richard Edwards on, "A Modern Lazarus." He said in part: "Physical death presents no problem to God or Christ. Jesus did not weep because Lazarus was dead but because of the people's unbelief and their being spiritually dead. 'She that liveth in pleasure is dead while she liveth' so those souls that are given to the pleasures of the world are dead to the higher and holier things of life.

"Dead souls in a live body. They who know more about the 'King of Diamonds' than the 'King of Kings' are dead souls walking around town and many of them, like Lazarus, have been dead so long that they 'stink' with their sins.

To the people who were alive and standing around the tomb of Lazarus Jesus said, 'Take ye away the stone' so the Christian and church must remove the 'stumbling stones' that prevent the power of Christ from working the miracle of raising these dead souls to life again. Loose him and let him go' were Christ's last words to his friends. So we must loose these fettered souls and set them free to live the higher and better life which is in Christ."

Tonight the subject of the sermon will be "What Does it Matter?" Sunday morning he will speak on "Reaching the Ideal; What it Costs," a special message to young people. The theme for Sunday evening will be "Life and the Problem of Good Roads."

Mrs. L. C. Overdorf and Miss Florine Gronier sang a beautiful duet Thursday night. At the Sunday morning service Mrs. Charles Offutt will sing and at the evening hour P. W. Oren. At the service tonight Lloyd Nelson, will sing. There were two additions to the church at the service last night. The Rev. W. H. Law, pastor of the Christian church at Orange, was present and participated in the meeting.

**Health of Nation Depends on Strength of its Mouth**

Chicago, Jan. 19—The health of the nation depends on the strength of its mouth.

Teeth, tongue and lips are the strongest fortress against disease or the surest road to ill-health, Dr. A. W. Thornton, dean of dentistry at McGill University, Montreal, declared here before the International Dentists clinic.

More than 10,000 dentists from the United States and Europe were on hand for the opening of the fifth annual convention.

"A nation can never be stronger than the health of its individuals Thornton said. 'The condition of the individual months relate physical energy and mental ability. The question of good teeth is a national issue and one of the greatest assets of any man, woman or child.

**COUGH KEMP'S BALSAM**

**Now is the time to fight constipation with Bran—Start to-day!**

Don't give the diseases that follow in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN, Kellogg's Bran, cooked and krumbled—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution! Try Kellogg's Bran for a week. Eat it regularly—two tablespoonfuls each day; as much each meal in chronic cases. You will be astounded at the difference in your feelings!

Kellogg's Bran should not be con-

fused with common bran which is unpalatable and difficult to eat. Kellogg's is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter cases add two tablespoonfuls for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics?

Kellogg's Bran is particularly delightful made in raisin bread, in macaroons, popovers, muffins, etc. Recipes are printed on each package!

You will say that Kellogg's Bran is a blessing to humanity.

All grocers sell Kellogg's Bran!

## TO REDRAFT LIMIT OF IMMIGRATION

House Immigration Committee to Change Three Percent Limit so as to Stand as Permanent Law

TO CONSIDER MANY CHANGES

President Recommends That All Immigrants Register Several Times to Keep Tab on Them

By LAURENCE M. BENEDICT  
(U. P. Staff Correspondent)

Washington, Jan. 19—The house immigration committee in the house today has set out to redraft the "three percent" immigration limit into such shape that it will stand as a permanent law.

A score or more changes will be considered. One of the most important is President Harding's recommendations that all immigrants be required to register several times a year so a close tab can be kept on their activities and the pace which they stimulate American ideas.

Another major proposal to be taken up by the committee is that the three percent law be based upon the census of 1890 instead of the census of 1910. Going back to the 1890 census would greatly increase the quotas for the northern countries of Europe which would supply desirable immigrants and at the same time reduce materially the quotas for the countries of southern Europe.

Among other changes to be considered are:

More drastic penalties for steamship companies which bring over allies who obviously are not qualified for admission.

Setting of a definite numerical quota for some of the smaller European and a new rule providing that immigration wing from these countries must be spread out evenly each year over the month.

Provision that the wives of alien citizens may enter anytime although the quota of her country may be exhausted.

The committee does not intend to consider further at this session the proposal that the army intelligence tests be applied to all incoming aliens.

## INDIANS EXPECT HUGE SUMS OF EASTERNERS

Philadelphia Offers One Million Dollars as Settlement of Claim to Land in Pennsylvania

ADMIT LEGALITY OF CLAIM

Appleton, Wis., Jan. 19—Oneida and Tuscarora Indians living on reservations in Outagamie and Brown counties, have been offered \$1,000,000 by the city of Philadelphia as a quick settlement of the claim of the Indians to a strip of land in the Pennsylvania metropolis, according to announcement made by Mrs. Laura Cornelius Kellogg, highly educated Oneida Indian, who recently returned from the east where she investigated the claim.

It is said by Mrs. Kellogg that Philadelphia officials admit the legality of the Indians' claim and an investigation is to be made to determine its extent. About 3,800 persons will be eligible to share in the \$1,000,000 award, each receiving approximately \$300.

Mrs. Kellogg is also investigating claims of six tribes of Indians to approximately 6,000,000 acres in New York State. The territory includes the cities of Rochester, Syracuse and Buffalo and the claim is based on the treaty of 1784, which the Indians say has been violated.

No occupants of this land have a title to their property, it is claimed, and settlement in this case is almost certain.

This case will be prosecuted in the near future with about 15,000 Indians involved. Each will receive about \$80,000 if they recover. Mrs. Kellogg has spent several months in the investigation and is being assisted by a committee of the Six Indian nations and a former member of the New York State Indian commission.

## DEMOCRATS LOOK INTO THE FUTURE

Scattered Elements, Including Bryan, McAdoo and Senators Confer on Policies for Future

TWO POINTS CONSIDERED

Would Urge Dropping Harris Bill and Delaying Legislation, Making Extra Session Possible

By PAUL R. MALLON  
(U. P. Staff Correspondent)

Washington, Jan. 19—The scattered elements of the Democratic party are being reunited through secret conferences now being held in Washington.

Definite congressional and popular policies are being decided upon so that a united program may be carried out between now and the 1924 presidential election.

First William Jennings Bryan came to confer with the board of directors of the party: Senators Underwood, Harrison, Robinson and Simmons, who formulate the congressional policies of the minority.

Now William G. McAdoo, who is visiting his father-in-law, Woodrow Wilson, has met these congressional leaders and attempted to sway them to concerted action, bringing the view of the Democrats from the far and middle western regions.

As a result of these conferences two points are being considered:

1—Delaying legislation so as to make an extra session of the new and more progressive congress possible.

2—Dropping the Harris bill which would force appointment of

three Democrats on the American debt commission which is now negotiating with British representatives.

McAdoo believes, it is learned, that if the Democrats allow congress to adjourn in March they will

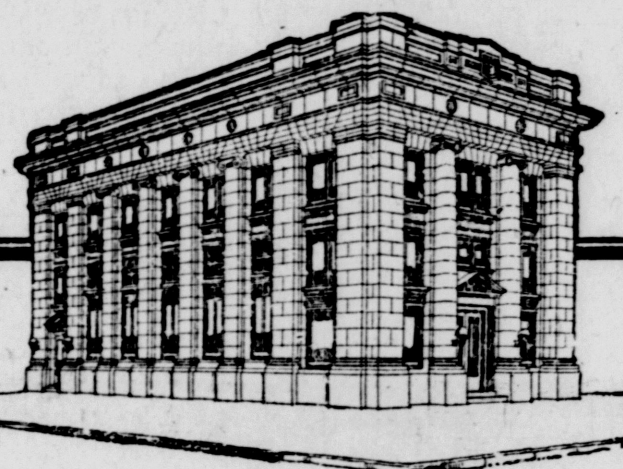

lose their greatest public forum in which they can present their policies to the people until next December.

In connection with the Harris bill it is contended that it would be better to let a Republican commission "go it alone."

### IS FORMER BANK CASHIER

Recently Re-elected Member of  
County Council—Active in Organ-  
izing New Salem Bank

John F. McKee, well known farmer, county councilman and formerly cashier of the New Salem State bank, was probably fatally injured shortly after noon today at his home 2 1/2 miles northeast of New Salem, when in some manner an acetylene tank located in the basement of the dwelling exploded, while he was working with it.

The exact cause of the accident, or the seriousness of his injuries, were not learned this afternoon. Physicians, including Dr. J. C. Sexton, Dr. Frank H. Green of this city and Dr. P. H. Metcalf of New Salem were called immediately following the explosion.

It was stated that he was badly burned as the result of the explosion.

Later word this afternoon was to the effect that he was resting easy, and that he was not believed to have been burned as badly as first thought. His clothing caught fire from his waist up, and his body was burned.

His eyesight was not affected, nor did he inhale enough of the gas fumes to cause serious injury.

The residence was not set on fire by the blast.

Mr. McKee retired several months ago as cashier of the New Salem bank, after having assisted in organizing the institution several years ago.

He also was re-elected to the county council last November. He is a prominent farmer, and has always taken an active part in affairs in Noble township.

## WIDOW ALLOWED \$8.62 A WEEK COMPENSATION

Petition Of Mrs. Martha Ralston As  
Outgrowth Of Accident Here  
Satisfactorily Adjusted

### HUSBAND FATALLY INJURED

A hearing before Mr. Dresser, a representative of the Indiana State Industrial board was held today in the court house on the petition of Mrs. Martha Ralston 307 East Eighth street, widow of Elmer Ralston, factory laborer, who met his death as the result of an accident a few weeks ago at the Rushville Furniture factory.

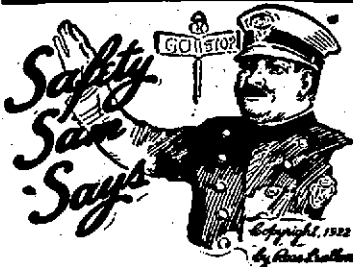

The matter was settled satisfactorily between the petitioner and the compensation insurance company which insures the employees of the factory, and on account of the total disability of the wage earner, the petitioner was granted \$8.62 a week for the period covering 300 weeks, as set out in the state law. The amount of weekly compensation represented 55 percent of the wage earners, wages at the factory.

It will be recalled that Mr. Ralston was working at a lathe, when a pile of lumber on a small truck, turned over, and a heavy plank struck him in the head, causing his death several hours later.

Similar Case Here

### JURY DELIBERATES 1 1/2 HOURS

Plaintiff Alleges That Parents of Her  
Husband Alienated His Affections  
For Her

The jury which heard the alienation suit of Mrs. Edna Miller against her parents-in-law, Mr. and Mrs. Burton Miller, gave the plaintiff one of the largest amounts in a judgment recalled here for sometime in a similar case, by awarding her \$4,500 judgment against both defendants.

The plaintiff, in her complaint, demanded \$10,000 judgment, which is the customary sum usually sought in such cases. The jury deliberated about an hour and half before rendering their decision.

It was intimated today that the defense would appeal the decision to the supreme court of Indiana.

No case of the same nature has attracted as much interest in the county as that case did. The plaintiff, who prior to her marriage was Edna Hardin, alleged that the parents of her husband caused the separation and that they alienated his affections for her.

Considerable evidence was presented by each side and the case required three days for trial. The plaintiff was represented in court by T. M. Green and John A. Tittsworth, attorneys of this city, and the defense by C. W. Duncan and Douglas Morris of this city, and Rollin Turner of Greensburg.

## ELMER HUTCHINSON IS NEW PRESIDENT

Arlington Man Is Elected Head Of  
Indiana Grain Dealers Associa-  
tion At Annual Meeting

### CHARLES RILEY SECRETARY

Elmer Hutchinson of Arlington has been elected president of the Indiana Grain Dealers association and Charles B. Riley, formerly a grain dealer of this city, has been chosen again as secretary of the association. The election took place at the closing session of the twenty-first annual meeting held in Indianapolis this week.

Mr. Hutchinson, who is a progressive business man of Arlington, has taken an active interest in the grain dealers' affairs, both state and national, and has held important offices in the latter named organization.

Resolutions were passed commending the work of the state fire marshal's department, but expressing the belief that the department is not sufficiently financed to accomplish its highest purposes and urging the general assembly to continue the department under an increased appropriation. Aid of the grain dealers to the Near East Relief was pledged.

Congress was urged to repeal the war tax law, relating to telephone and telegraph messages.

The constitution of the association was amended to invest in the board of managers full authority to transact all business between meetings.

## ANNIVERSARY OF CLUB IS OBSERVED

E. Richard Edwards Speaks To Ki-  
wanians, Outlining Growth Of Or-  
ganization In 8 Years

### TRUE MEANING OF THE WORD

Says Spirit Of Kiwanis Grows Out  
Of Faith, Vision And Service—  
Is Member At Logansport

"Anniversary Week" of the Kiwanis club celebrating founding of the organization January 21, 1915, was observed at the regular meeting of the Rushville Kiwanis club at the Social club Thursday and the address was made by the Rev. E. Richard Edwards of Logansport, himself a Kiwanian, who is holding a series of meetings at the Main Street Christian church.

Other guests present were the Rev. L. E. Brown of the Christian church and C. W. Mendenhall of Chicago.

At the next weekly meeting, reports by chairmen of all the committees of the club will be made.

The Rev. Mr. Edwards briefly reviewed the growth of Kiwanis in the eight years just completed, discussing the purpose of the organization, the fullness of the meaning in the name Kiwanis and the spirit of Kiwanis.

The speaker asserted that the spirit of service does not mean talk but work, which he illustrated with the story of the lazy negro who became converted and wound up a fervent prayer with, "Use me Lord, use me—in an advisory capacity."

"The spirit of Kiwanis grows out of faith, vision and service," the Rev. Mr. Edwards said. "Faith cures whining and crookedness, keeps down suspicion, gets us somewhere and enables us to do business because there is eighty times as much business done in a year as there is cash in existence. Vision looks forward, not backward and takes us out of the woods and up to the heights. Service promotes team work peace and good will."

"The universe is a great cycle of service and God, the greatest servant of all. Even the dust of the earth, so despised at close view, when finally distributed in the atmosphere, protects us from the scorching rays of the sun and makes possible the glories of sunrise and sunset."

The speaker emphasized each point with unusually well chosen illustrations and made the luncheon one of the best the Kiwanis club has had.

## RUSH COUNTY LOSES IN THE TRANSACTION

Pays State \$25,608.72 and Receives  
\$10,265.49 in Apportionment of  
State School Fund

### SHOWS LOSS OF \$15,343.23

Rush county loses \$15,343.23 in the exchange of school revenue this year, according to figures compiled at the county auditor's office following receipt of the county's share of the state school fund to be distributed among the townships and the school corporations of the county on a per capita basis.

There was collected in Rush county for school purposes in 1922 \$23,158.03 for the state school fund and \$2,450.69 in the common school interest fund, making the total taxes for school pupils, outside of the local school taxes, \$25,608.72. In the apportionment by the state auditor, this county received \$10,265.49.

The loss was greater than last year when the county paid \$19,842.65 in state school fund taxes and \$2,195.14 on the common school interest fund, making the total \$22,037.79. The county received back \$9,512.19, the county's loss being \$12,525.60. The loss this year was \$2,817.63 greater than last year.

The difference between what is paid to the state and what is received in the apportionment represents the amount Rush county pays for the support of schools in the poorer counties of the state.

## FREED OF GUILT IN MASSACRE CASE

Five Defendants Accused of Murder  
in Connection With Mine Riots at  
Herrin, Ill., Acquitted

### VERDICT DELIVERED AT 1:50

Jury Deliberates 36 Hours and 40  
Minutes and Takes Six Ballots  
No Demonstration

(By United Press)  
Marion, Ill., Jan. 19.—The five defendants in the Herrin massacre trial were found not guilty by a jury in circuit court here today. The verdict was delivered at 1:50 p. m. after jury had deliberated thirty-six hours and forty minutes.

The accused men—Otis Clark, Peter Hiller, Bert Grace, Leva Mann and Joseph Carneghi—had been brought to trial on charges of murdering Edward Hoffman during the riot in and about the Lester strip mine last June.

Six ballots were taken by the jury. The hush that fell over the court room was broken by no cheers and outbursts. An audience of five hundred spectators heard the verdict. Under close watch of deputies they passed out smiling only in satisfaction. The verdict was passed up to Judge Hartwell who read the jury decision, one by one.

Twenty two men were killed in the Herrin massacre on June 21-22 of last year, when union sympathizers and non-union workers clashed in one of the bloodiest industrial battles in the history of the nation.

The slaughter occurred at the Lester strip mine, near Herrin, a typical mining town in the heart of the Southern Illinois coal fields.

"Bloody" Williamson county, scene of the battle, earned its nickname which has marked its records for more than a century.

The trouble at Herrin started when non-union miners were shipped into mine coal at the Lester mine, owned and operated by W. J. Lester president of the Southern Illinois

### COMMITTEE SUGGESTIONS

Earl F. Priest, Rush county assessor, was a member of the committee on legislation at the annual conference of the county assessors of the state, held in Indianapolis under the auspices of the Indiana tax board, which closed Thursday. Phil Wilk, Rush county auditor, and a few of the township assessors from this county, also attended the conference. The attendance of county assessors is compulsory, their expenses being paid by the county as provided by law.

Recommendations of the state tax board for amendment of the tax law, approved by the committee on legislation, included authority for the state tax board to issue equalization orders that may affect a township or any taxing unit within a county, the right of the state board to certify for review and reassessment any property in the state at any time on or prior to November 1, and repeal of all laws exempting from taxation any property which is not devoted entirely to public use.

The committee on legislation also recommended that the assessing period of all real estate be made at a different time than the year in which the taxing officials are elected, specifying that the next assessment of real estate be made in 1925 and thereafter every four years. Repeal of the laws which exempt from taxation bonds issued under the Barrett law, for the construction of improvements, and for the construction of drainage, was urged. Enactment of a law providing that all municipal bonds shall be taxable which bear interest in excess of 4 1/2 percent was advised.

## ELIAS JULIAN, 76, IS DEAD

Expires This Morning at the Home  
of His Son Near Gings

Elias Julian, age 76 years, expired this morning about five o'clock at the home of his son-in-law, Paul Krumkoff, living near Gings. Death was caused from an illness of paralysis. The deceased was born in Ohio, in February 1846. He and his wife were making their home with their daughter in Union township in recent years. Besides the daughter, he is survived by the widow, a son and another daughter.

The funeral services were not completed today, and will be announced Saturday.

## OLD AGE PENSION BILL PRESENTED

Measure Before Legislature Pro-  
vides For Support of Residents  
Past 70 Years

### NO PLAN TO RAISE MONEY

Abolition of County Poor Homes Au-  
thorized by Measure to be Intro-  
duced in Senate

(By United Press)  
Indianapolis, Ind., Jan. 19.—An old age pension bill was presented to the Indiana legislature today by Representative Schwartz of Indianapolis.

It provides that anyone may receive a state pension upon reaching the age of seventy years with the following qualifications.

1—Resident of Indiana for fifteen years.  
2—Citizen of the United States for fifteen years, and a resident for forty years.

3—Must not be an inmate of a state institution.

4—Must not have been imprisoned for more than four months and then ten years prior to the time of application.

5—Must not have deserted wife or children or failed to support them for a period of more than six months at any time. The same applies to women.

6—Must not have made application for public charity or must not be a "tramp" or beggar.

7—Must not be depending on a responsible relative.

8—Funeral expenses up to \$100 will be paid to any beneficiary of the pension.

The bill does not provide any specific means of raising the money nor does it specify how much pension shall be given. The latter feature is left to the discretion of a state pension committee of three members created under the bill. The committee is directed to employ a pension superintendent at a salary of not more than \$4,000 a year. A pension board in each county would administer the law directly by issuing pension certificates each year.

Abolition of the county poor homes and providing for a pension system to support dependants is provided in a bill which may be introduced in the senate Monday by Senator James Nejd of Lake county.

## SOLUTION OF ROBBERY SEEN

Three Men Arrested At Clinton For  
Dyer, Lake County, Theft

(By United Press)  
Clinton, Ind., Jan. 19.—The robbery of the Dyer bank in Lake county of several thousand dollars a month ago was believed by authorities today have been solved in the arrest here of John Perry, proprietor of "The Blue Bird Inn," Thomas Turdick Perry, a bartender and Anton Cassack, a patron of Perry's roadhouse.

The three men were taken to Dyer to face a robbery charge. It is charged that Cassack dressed as a woman and carrying a market basket entered the bank and obtained several thousand in travellers checks while the other two men stood guard outside.

As Mines In Many Places Are  
Being Occupied

(By United Press)  
London, Jan. 19.—All branch German banks, credit institutions and tax collectors offices in the Ruhr were confiscated by the French today, according to a General News dispatch from Berlin.

Dusseldorf, Jan. 18.—The French today seized a Deutch Bank automobile which was transferring 150,000,000 marks from a Reichsbank branch. The latter building was padlocked and patrolled. After the seizure, all the banks in Dusseldorf were closed.

Essen, Jan. 19.—French troops in the Ruhr seized, banks, trains, coal barges, automobiles and other offices in simultaneous raids in all parts of the Ruhr valley today.

Many arrests were made. Mines at Zwickel, Gladbeck and Reischhausen were occupied and the German miners, defiant, were debating together whether they should strike.

German Red Cross cars from Southbur to Northbur were confiscated by the invading troops. Ten train-dispatches were placed under arrest as long fuel trains were seized and headed westward.

Essen, Jan. 19.—French troops seized and occupied two state mines in the Buer region of the Ruhr today.

The directors, and President Ahrens of the mine management at Reibiesen were arrested.

German workers immediately threatened to strike in retaliation, demanding release of the officials and removal of the troops.

France also began development of a customs line around the Rhineland Ruhr.

## PLANE CRASHES TO GROUND AT KOKOMO

Captain Frank Fisher, 26, Is Killed  
And Fred Ruddell Of Globe  
Stove Co., Injured

### AN ALTITUDE OF 1,000 FEET

(By United Press)  
Kokomo, Ind., Jan. 19.—Captain Frank Fisher, 26, army aviation officer, was killed, and Fred Ruddell, general manager of the Globe Stove Company, was injured internally Thursday night when their seaplane crashed to the ground from an altitude of 1,000 feet.

Persons who say the plane fell said Captain Fisher was piloting it through some stunts when he apparently lost control.

Fisher's skull was crushed, his right thigh and his left leg were broken. He was dead when taken from the wreckage.

Ruddell apparently was unhurt when he was taken out, it developed that he was hurt internally and several bones may have been broken.

Captain Fisher was in the 113th observation squadron, 37th division. His home was near Frankfort. He had been flying government planes all afternoon and had taken Ruddell up shortly before darkness on a stunt trip.

## LOSES HEROIC FIGHT TO COME BACK FROM DRUG SHADOWLAND

WALLACE REID

By R. A. DONALDSON  
(U. P. Staff Correspondent)

Los Angeles, Calif., Jan. 19.—In the little Hollywood chapel where make-believe scenes of sorrow and death have been filmed times without number, hushed preparations were made today for the funeral of "Wally" Reid, screen idol, whose brilliant career was dramatically closed yesterday when he lost a heroic fight to "come back from the shadowland of drugs."

Two blocks away the great Lasky lot where Wally rose to fame was deserted and silent. Sunlight flickered on gaudy sets and massive steeled gaunt and shuttered, while on sequels; the great glaring Kleig lights the lips of film folk there was but one phrase:

"Dope must go!"

After two years of whispered rumors about the victims that the narcotic tentacles have claimed among actors, the climax—the death of Reid

—caused the film colony to consecrate itself with amazing unanimity of spirit to drive out the menace to the industry.

Reid died yesterday at a sanatorium where he was treated for the last month following a nervous breakdown. His wife Dorothy Davenport and their child, were at the bedside at the end.

Congestion of the lungs and kidneys, caused by his nervous breakdown was given by physicians as the immediate cause of death which followed a sudden relapse after it appeared he might recover. The doctors said, however that the star's general condition was made worse by the effects of drugs which, according to his wife and mother-in-law, Wally ceased to use shortly before his breakdown some time ago.

The funeral will probably be held tomorrow, when the over-present camera which recorded Wally's rise to fame and fortune will as relentlessly film his tragic "fade out."

Made Following Attempt On Dr.  
McKoin's Life, Witness Says

Bastrop, La., Jan. 19.—Threats to kill the whole family in retaliation for the alleged attempt on the life of Dr. D. M. McKoin, were made following the murder of Watt Daniels and Thomas Richards, witnesses testified in the hooded mob hearing here today.

"We will consume the whole dam Daniel family to find out who shot at Dr. McKoin," Jap Gonnes told him Dr. D. M. McKoin, were made following the murder of Watt Daniels and Thomas Richards, witnesses testified in the hooded mob hearing here today.

Jap did not realize he was talking to a brother-in-law, J. L. Daniels the witness said.

## FRENCH SEIZE WINES, BANKS AND TRAINS

Continued from Page One

Within the limits of the newly occupied zone, the invaders tightened their hold on the pulse of German industry. Decks of the Rhine canal were seized and all traffic to Germany was halted. Four trains loaded with coke were halted.

Director Schlusius of the German tax office, was arrested at Dusseldorf, because he refused to deliver his books to the French.

The latter instituted measures to work the state forests, collect customs and a 20 percent coal tax.

German coal operators met with General Fournier last night, the result of their conference is not yet known, but it is assumed they refused to make required coal deliveries, and that Herr Thyssen and others will shortly face a French court martial.

Germans in the Ruhr, while pleased at the French policy of "open arrest" of Thyssen and other coal operators, by which the industrialists are left actually free to come and go, are frankly concerned over the ever-tightening economic pressure.

Seizure of the national coal tax, already decreed in the formally occupied Rhineland region, is causing particular uneasiness.

There was a minor disturbance at Altesen today when a German policeman was arrested for refusing to salute a French officer.

## Is Green No More

"My experience with your medicine has been wonderful. My stomach and liver trouble of five years standing took a new turn two years ago when I took on an olive green complexion. I spent \$1,200 with doctors and specialists only to prove that I was still as green as ever. A friend advised me to take May's Wonderful Remedy, and I am green no more. My stomach and liver trouble has all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

### FREED OF GUILT IN MASSACRE CASE

Continued from Page One  
 Coal Company. Union miners were on strike at the time.

The miners were protected by armed guards who according to testimony at the trial, "abused, assaulted and robbed" farmers and miners living near the mine.

Feeling, always strong against non union men, was fanned to fever heat by the alleged action of the guards.

The miners arranged a meeting in the woods, near the mine, to discuss the situation. As they were talking, an automobile, bearing non-union miners from the railroad station came along the road. The truck was opened fire on and three passengers wounded.

The news of the first bloodshed spread rapidly and a mob quickly formed. A few hours later hundreds of miners and their sympathizers marched down on the non-union mine. Two miners who attempted to effect a truce were fired upon and one was killed.

Angered by the attack the mob

surrounded the mine and poured in volley after volley of shots. The firing and reports of the clash brought scores of reinforcements to the miners. The battle continued throughout the afternoon and night.

During the night many of the besieged men slipped from the mine and

escaped. Forty eight, barricaded in box cars, held out until dawn and then surrendered on the promise of safe escort to the railroad.

They were lined up and the "death march" started.

Leaders harangued the mob as the marchers plodded along. Finally C. K. McDowell, crippled superintendent of the mine, collapsed and refused to go further. He was shot down and killed.

Panic seized the prisoners and some fled and were shot as they ran. The mob seized others and marched them away to the woods. When the smoke of battle cleared away nineteen non-union men had been killed. State authorities found the bodies scattered through fields and woods. Six were shot or stabbed to death in the little Herrin cemetery.

The investigation by a coroner's jury led to a verdict charging the mine operators with responsibility because they brought armed guards and non-union men into a peaceful community.

Efforts to bring the men to trial had apparently been dropped when industrial and civic organizations in all parts of the state raised a fund and demanded that the murders be brought to trial.

Seventy-eight men were indicted on more than 200 counts of murder.

The five men on trial were charged with the murder of Howard Hoffman, a mine guard, who died from wounds received in the battle. They were Otis Clark, Bert Grace, Peter Hillo, Leva Man and Joe Carnaghi.

The miners through the check-off system built up a fund of more than \$1,000,000 to be used by the defense. Each of the five defendants received \$7.50 each day he was in jail and defense witnesses called away from their work were paid \$9.60 a day.

## A Satisfactory Answer

An increase of \$86,000,000 in exports during last November as compared with November 1921, is a very satisfactory answer to the repeated statement of the opponents of the new tariff law, during the last campaign and while it was being debated in Congress, that it would hinder foreign sales by producers in the United States.

Exports for November, 1921, totaled \$294,000,000, and the first full month under the Fordney-McCumber law, (October figures included 10 days of September) they totaled \$380,000,000. With the exception of exports to Asia, which fell off \$4,000,000, those to every other grand division showed marked improvement: To Europe they increased, \$63,000,000; to North America, \$15,000,000;

to South America, \$9,000,000; and to Africa and Oceania, \$3,000,000.

Every European country mentioned in the advance sheet of the department of commerce took more of our goods in November, 1922 than in November, 1921, the most marked increases being to France, \$13,000,000; to Germany, \$3,000,000; to Italy, \$5,000,000; to the Netherlands, \$3,000,000; to Russia in Europe, nearly \$2,000,000; to Spain, \$2,000,000; to Sweden, \$1,000,000; and to the United Kingdom, \$29,000,000. These are the countries which, the opponents assured us, would stop buying from us when the law became operative.

The country was assured last September that the administration was proposing to erect a Chinese tariff wall from Eastport Maine, to Puget Sound, Washington, to keep out Canadian goods, and that as a consequence Canada would probably boycott American goods and the country would be ruined. But we sold Canada \$41,000,000 worth of our products in November, 1921, when the old tariff law was in operation, and \$55,000,000 worth in November, 1922. And Canada got a good slice of our market at the same time.

Sales to Mexico fell off \$4,000,000, the two periods compared, but to the ten other Latin American territories mentioned, which include Argentina, Brazil, Chile, and Colombia, our exports increased from \$20,000,000 to \$39,000,000. A 45 percent increase to Cuba is worth nothing, since we were told that an increased duty on sugar would peeve the Queen of the Antilles so that she would take her trade to some other shop. Exports to Australia and New Zealand increased \$2,600,000, indicating that there is no insuperable wall between us and the wallabies, and they have their own protective policies also. There was a falling off in exports to Japan of \$4,600,000 which further confounds the prophets, since they were predicting that the decreases in sales would be to our debtors—and Japan is not one of our debtors. Japan has a little kink in her purchasing power just now, and besides, she is increasing her ability to manufacture her own goods, the department of commerce explains.

Altogether, the export trade for November is a pretty good indication that the opponents of the new law did not know what they were talking about a few months ago, and that the Sob Sisters of Anti-Protection are a hard lot to be wished off on our Uncle Samuel.

## THE DOG MEETING

On Christmas eve, the "Dog Society" met in the sand-pile on the play-ground, with Snickel-Fritz Green as their President and Snap Cross as the Chairman. There were many other dogs of which I have not time to mention. First they sang a song entitled "Yelp, my fellow tail-bone-wigglers, yelp!" Amid the "wow-wow, speaks and squaks," one could not hear himself speak.

Next they told what they were going to get for Christmas. Snickel-Fritz said, "I am going to get a beef-steak." And Snap said, "I'm going to get a can of seedless salmon." "I'm going to get a new blue ribbon and a cup of canless milk!" said a tiny poodle dog, very much excited indeed. "Well, my fellow sniffers," said the President "let us sing 'The Hee-Haw Blues'." After that was over, they had a good role in the snowy sand and rode home in their "Cadillacs" and called on "Mrs. Hay."

## WANTS BIG SUM FOR NEXT FIGHT

Dempsey Will Not Consider Any  
Match Unless He Can Get His  
Share of \$500,000

### MIGHT DEMAND EVEN MORE

Kearns and Dempsey Will Meet  
Rickard Next Week to Discuss  
Plans and Fix Prices

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Jan. 19.—Jack Dempsey will consider drawing on a glove for any kind of a real contest for less than \$500,000. When he starts talking terms with Tex Rickard he probably may ask more.

Dempsey and Kearns are to be here next week to discuss the subject with Rickard and they have already made up their minds on what they are going to demand.

If Rickard is allowed to arrange a big contest in New York where a top price of \$25 can be charged, Dempsey will ask for about \$650,000. If the fight is staged in New Jersey where the law limits admission prices to \$15, the heavyweight champion will be content with \$500,000.

Before terms are discussed, Dempsey will ask the promoters to deposit about \$50,000 to prove that he is not merely looking for publicity.

When the articles are signed the champion must get one third of his purse and the remaining two thirds must be handed over before he steps into the ring.

The New York commission ruled some time ago that no guarantees would be allowed in the state and that all boxers would have to work on a percentage basis. If the commission insists upon preying into the actual arrangements for the next defense of his title, Dempsey will agree to work for sixty percent of the gross receipts, it was learned.

Dempsey, it is also understood, is not enthusiastic over the idea of a decision fight if one of several contenders is named as his opponent. He would rather work in New Jersey or have the no-decision prevail in New York but that, of course, is impossible under the law.

Although it established a record, Jack Kearns has always maintained that he and Dempsey got none the better of the bargain when Tex Rickard gave them \$300,000 for fighting Carpenter.

"There wasn't anything near \$300,000 when he finished paying off", Kearns has always said.

Harry W. Terry, 532 Madison St., Gary, Ind., a well known Y. M. C. A. employee, is still another who is enjoying a "wonderful appetite, perfect digestion and robust health" as a result of the use of Tanlac.

"Tanlac has been a sure-enough health investment for me," said Mr. Terry, "and I believe it is the right thing for anyone in a run-down condition. For about a year no kind of food appealed to me, for my appetite was gone, and everything I did eat hurt me. I would tire easily, had raging headaches, and my nerves kept me awake nights."

"Since taking Tanlac my stomach and digestion are in the best of condition and I have an appetite to be proud of. All that is left of my troubles now is the memory of them and I have never felt more healthy and active than I do now. I start my day's work feeling fine and finish up feeling the same way, and it's all due to Tanlac."

### Princeton Holds Championships

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Jan. 19.—Princeton had a rough year of sports during the 1922 seasons. The best the Tigers could do was to win six intercollegiate championships in football, soccer, basketball, water polo, golf and polo.

The gridiron championship of the "Big Three" and the best claim to the eastern championship, of course, was the most valued accomplishment on the field.

Being as the Tigers are of the opinion that a little slump in their prowess on the field will mean their exit from the "Big Three", there isn't much need for worry in the immediate future.

Harvard didn't get anything on fire in 1922, but the Crimson figures the year well spent since Yale was beaten in football, track and hockey.

Yale beat Harvard on the water and the diamond, but the football triumph in the thing that all Yale and Harvard athletes pull for and the others are trivial.

Jack McAniff and some of the other veterans who regard the present day boxers as cake eaters, will have to modify their remarks when they are to include Mercei Montes, the little Texas lightweight, who

went fifty-one rounds to knockout Jimmy Dundee in Mexico City.

Many of the old time boxers regard fifteen rounds as a mere workout and it was a rather general opinion that there were very few boxers in the ring today who could go more than twenty rounds.

When two second raters have endurance enough to go fifty-one rounds, it does not speak badly of the modern crop of battlers.

From a straight standpoint of endurance there is no doubt that as many of today's fighters could go over just as long a distance as some of the old timers.

Modern fighters take their business seriously and train strictly for their business. Old timers did not.

From another viewpoint, however, it is doubtful if two high class well-matched boxers would have to go more than twenty or thirty rounds.

Scientific hitting and skilled mechanics of fighting are products of the new game.

Benny Leonard and Lew Tendler in a finish fight for the lightweight championship would be a wonderful card, and so would one to the limit between Harry Greb and Tom Gibbons or Greb and Gene Tunney. Either of the latter would produce a new light heavyweight champion and Benny probably would be a tired lightweight champion about the twentieth round.

## Hittin' 'Em and Missin' 'Em

### EXAMS KNOCKED SOME OF 'EM COLD

Hittin' 'em understands that the examinations this week up at school, proved to be the final downfall for some of the best basket players. Our guess on tonight's line-up will be Newbold and Hibbiss at forwards; Phillips at center; McNamara and Carmel at guards. Walker and Erle are the best bets for utility men. The latter is a new one, as he played on the Raleigh team last year, and became eligible today to play on the local team.

Several other teams in Rush county will be busy tonight. Milroy plays Hopewell; Portville plays at Carthage; Laurel plays at Raleigh; and Moscow plays down at Newpoint.

Richmond expects to beat Newcastle tonight by at least ten field goals. That is only twenty points, while we had it figured that it would be at least a 30-point margin.

Newcastle almost got tipped last Wednesday, when they played Eaton, a little hamlet in Henry county. The final count was 29 to 24, but the five-point margin wasn't anything big to yell over.

### CASADY TO REFEREE

Hittin' 'em has been asked several times about the referee for the game tonight at Connersville, and we learn that it is Fred Casady of Anderson. He is a new one for this part of the state, but was highly recommended.

### BRING 'EM UP: WE'D LIKE TO SEE 'EM PLAY

"Moscow H. S. girls have had a very successful season thus far—this being the first year for the girls basketball at Moscow," informs a Moscow reader. "They have lost but two games and those were the first two, and they have defeated such strong teams as Burney, Arlington, Raleigh, and Manilla—by good scores."

Wouldn't it be funny if our own Moscow basket team would prove to be a "Little Sandusky" at the Tri-State tourney in which they are entered at Cincinnati next month?

### WE BET THIS PLAYER PASSED

Someone over here just happened to remark that it would be too bad if Robinson on the Connersville team also "flunked". In case he didn't, you basketball players had better get his number right at the start.

### HERE'S BASKETBALL GALORE

A notice headed, "Feature attraction at Blue Ridge Saturday night—basketball galore," tells us that the Moscow high school will play St. Paul, the Moscow high school girls will play the Manilla girls, and the Moscow Independents will play the Rush County All Stars. On the same bill, for Tuesday night, appears, Moscow Independents vs Shelbyville Commercial; Moscow high seconds against either Waldron or Milroy seconds.

### HIGH SCHOOL DOPE

By Mr. R. H. S.

Dear Hittin' 'em:—Why don't you use the influence of your column to a good advantage, and make the high school team quit "losin' 'em"? On Dec. 22, of last year, I started a column, similar to yours, in the sport page of The Republican. That night Rushville played New Palestine. Rushville won that game and every other game from then on until the state tournament. Draw your own conclusions."

### WHY DIDN'T YOU LEAVE THAT RABBIT FOOT AT HOME

If sure is a shame that you had to quit writing your "dope" column, Mr. R. H. S. because no doubt when you left high school it caused a jinx to be placed on the team. The jinx place where you fell down last year according to your own version, was that the treatment didn't hold out for the season. If you were so successful in piloting the team from the New Palestine game up to the state tourney, why on earth did you stop at the tourney? Why didn't you make 'em win the tourney?

### FIVE IN A ROW COMES NEXT

After Rushville gets through with Connersville tonight, the team will play their next five games here at home, meeting Shelbyville, Elwood, Newcastle, Cathedral (Indianapolis) and Garfield (Terre Haute). What's your guess?

### MARRIAGE LICENSES

Two marriage licenses have been issued by Loren Martin, county clerk to the following couples: Joseph A. Butler, a farmer of this county, and Rena May Turner, also of this county; Alvin Atwood White, a contractor and Mrs. Ada Anderson, of this county. The latter couple was married by John P. Stech, justice of the peace, late Thursday afternoon.

## PURDUE WRESTLERS NEED EXPERIENCE

Coach Von Bernuth is Devoting His  
Time For Training Next Year's  
Mat Men

### VARSITY SQUAD IS SHORT

Only Four of Last Year's Men Are  
Left as Foundation for the Team  
This Year.

By HEZE CLARK  
(Written for United Press)

Lafayette, Ind., Jan. 19.—Coach W. S. Von Bernuth of the Purdue University wrestling team lacks experienced men from which to develop a championship wrestling squad this year. However, the coach is devoting much time to the freshmen as well as the varsity and is expected to develop a formidable aggregation of grapplers next year.

Only four men remain on the varsity squad. Around these veterans Von Bernuth is working hard to develop wrestlers who will fill the team as weights left vacant by seniors who graduated.

Wrestling is more popular than ever at Purdue since the athletic directors have declared that it develops men for football. The mat game gives the men just the training that they need for gridiron sport and the Purdue's football men are being urged to join the wrestling squad.

Of the four letter men on the Purdue team, Captain Dye appeared to be the best until he hurt his right arm in football. This slowed up his mat work but Dye probably will recover from his injury in time to be a factor in the 145 pound class in the Big Ten wrestling meets. Last year he won third in the conference meet at Madison, Wis., in the welter-weight class.

Shorty Turner just now appears to be the best man on the Boilermaker mat squad. A year ago he stood second place in the 115 pound class at the conference meet.

Turner is an expert and is able to take punishment as well as give it.

## ARLINGTON ADDS ANOTHER VICTORY

Athletic Club Five Defeats Cumberland, 49 To 33, in Game That  
Was Close Most Of Way

### THREE GOALS IN 20 SECONDS

The Arlington Athletic Club added another game to their long list of victories Thursday night when they defeated the Cumberland team, 49 to 33, in a very fast game, closer than the score indicates.

The teams played almost even until well up in the last half, when the Arlington team, by a wonderful spurt caged three field goals in twenty seconds. It seemed to dishearten the Cumberland boys but, however, they showed flashy teamwork at times and had a real squad. The score at half time was 23 to 19, in favor of the A. C.'s.

All of the Arlington players were in good condition and played the best game of the season. Shook and Gardner each made eight field goals. Johnny Wicker, floor guard also played a good game.

The Junior A. C.'s had easy sailing with the Orange team, whom they defeated 48 to 12. On Thursday night, January 25, the Connersville Anstead Engineering team will play the A. C.'s at Arlington.

The Willing Workers of the Methodist Episcopal Sunday school held their monthly meeting Thursday afternoon at the home of Mrs. L. H. Doughty in North Morgan street. The business session was the first thing on the program followed by a social hour and the hostess served delectable refreshments.

Mrs. Cliff Winship was a charming hostess Thursday when she delightfully entertained the members of the Merry-Go-Round club with a turkey dinner at her home south of the city. The appointments of the dinner were very pretty and covers were laid for seventeen guests. In the afternoon Five Hundred was enjoyed.

According to a clipping from the Los Angeles Times, the engagement of Miss Mary Louise Bliss, daughter of Mr. and Mrs. Will M. Bliss, and formerly of this city, to Blaine Gibson of Anaheim, California, has been announced. Miss Bliss is well known here, having been popular among social activities while residing in this city. The clipping is as follows:

Miss Mary Louise Bliss, daughter of Mr. and Mrs. Will M. Bliss, of 417 South Wilton Place, entertained a number of her friends at the Mary Louise Tea Rooms yesterday afternoon, and revealed the secret of her engagement to Mr. Blaine Gibson of Anaheim.

The wedding will take place on the 31st inst., at the home of the bride. Miss Bliss is a graduate of Ward Belmont and of Indiana University, and is a member of the Kappa Alpha Theta sorority, in addition to being one of the particularly attractive members of the younger set.

Mr. Gibson is now city editor of the Anaheim Herald, having graduated recently with university honors. He is a member of the Delta Tau Delta fraternity.

Mrs. A. B. George entertained the Social Circle of the M. E. church of Orange Thursday afternoon. An interesting program was enjoyed by ten members who responded to the roll call. Dainty refreshments were served.

The Ladies Aid Society of the St. Paul's M. E. church will meet Tuesday afternoon at 2:30 with Mrs. Frank Sample, 830 North Morgan street. She will be assisted by Mrs. Ed Lyons and Mrs. Henrietta Stevens.

The Ladies of the G. A. R. enjoyed a social meeting at the home of Mr. and Mrs. Joe Stevens in West First street Thursday evening. The guests spent the evening socially with contests and games. Dainty refreshments were served. Mr. and Mrs. Stevens will leave soon for Florida where they will spend the remainder of the winter.

Thirty young people of the First Baptist church attended the Flat-rock district conference of the B. Y. P. U. held at Cambridge City Thursday evening. A six o'clock dinner was served in the basement of the church. The roll call of each church represented was answered by a stunt or short talk by a member of the group named. This was followed by a most interesting address given by Dr. H. N. Sherwood of Franklin College. At the conclusion of the program Mr. Cox of Richmond, who is the state president of "The Life Service League" gave a short explanation of the purpose and work of the league. The orchestra from the local church under the direction of William Clark, furnished music for the evening. It was decided by the conference that the next meeting be held here March 15.

### MANY FLORAL OFFERINGS. MESSAGES OF CONDOLENCE

Many messages of condolence and floral offerings from notable persons were received at the funeral of Miss Florence Simms, formerly of this city, who died recently while visiting her parents at Mattoon, Ill. According to a Mattoon newspaper, which has been received here, at the services were a number of those with whom Miss Simms was most actively engaged in her work as head of the industrial department of the Young Women's Christian Association, they coming mainly from New York and Chicago.

During the final illness and since the death of their daughter, Mr. and Mrs. Simms have received many telegrams of condolence from prominent women and organizations of working girls, members of the Young Women's Christian Association, all over the country. One which more nearly expresses the sentiment of all came from Mrs. Emma Bailey Speer, president of the national organization of the Young Women's Christian Association and wife of one of the leading Presbyterian ministers of New York. This message follows:

Mr. and Mrs. M. M. Simms,  
Mattoon, Ill.:

"It seems unbelievable that we are not to look upon her face again. To have known her, to have followed her leadership, has been one of the great privileges of twenty-five years of association service. She was a noble type of American womanhood, one of the great women of this generation. Thousands will rise up and call her blessed. We sympathize in your sorrow, and glory in your honor as those who gave her to the world."

One of the messages as well as a beautiful floral piece, came from Mrs. John D. Rockefeller. Other wealthy women of New York, all financial supporters of the Young Women's Christian Association, as well as otherwise actively engaged in the work, sent messages of sympathy and floral offerings.

Committee Bristles With Shot Guns  
And Rifles As Federal Probe  
Of Mob Rule Begins

### ARMED FORCE AT OUTSKIRTS

"Citizens' Court" Continues Rounding  
Up Strikers In The Face Of  
The Investigations.

(By United Press)  
Harrison, Ark., Jan. 19.—The federal government today began an investigation of vigilantes' rule in this week.

A committee from the state legislature also was expected to begin a probe of the situation and the lynching of E. C. Greer and flogging of more than a score of former employees of the Missouri and North Arkansas railroad at the hands of the mob which organized to prevent paralysis of train service.

C. A. Arabright and a corps of assistant department of justice operatives arrived here last night. They began investigating.

Harrison became an armed camp at dusk when word spread that a hostile force had organized at Springfield, Mo., and Götter Ark., and was marching over the hills to overthrow the mob. Shot guns and rifles which have been carried openly through the streets were kept handy by every man.

An armed force was posted at the approaches of the town, ready to hold off an attack until reinforcements could be organized. Home guards, hastily formed by vigilante leaders, were active in the streets, shuffling back and forth until midnight.

The "citizens' court," rounded up strikers for questioning in the face of the investigations. A statement issued by the committee said the legislative investigation was welcomed and "we congratulate ourselves on having wound up this situation with a minimum amount of tragedy and unpleasantness." What the civil and court authorities were unable to handle in the past two years the citizens have accomplished in two days time.

### Southern Beauty, Engaged To a Chicago Attorney

"MISS NASHVILLE" TO WED  
Miss Sue Burton, of Nashville, Tenn., who as "Miss Nashville" won the silver loving cup, second prize, in the Atlantic City beauty contest last summer. Miss Burton's engagement to Mr. Virgil Loucks, a Chicago lawyer, has just been announced. The wedding will take place this month.

### OLD AGE PENSION

#### BILL PRESENTED

Continued from Page One

The bill which has been drafted would permit dependents to live on support of funds from the county and allow them to live with friends or relatives.

Whether public utilities will be assessed for taxation on the same basis they are assessed for rate making will be the question for special business in the senate when it convenes Monday. The bill which would have divided automobile licenses and registration fees equally between state and counties was killed by the house of representatives when it adopted a committee report recommending indefinite postponement. The measure was introduced by Representative Knapp of Hagerstown.

### CERTIFIED POTATO SEED DOES BEST AT LAPORTE

An experiment testing the relative  
value of certified potato seed and  
uncertified local seed was carried  
out on the farm of A. G. Tamlin, in  
LaPorte County, with decisive re-  
sults in favor of the imported certi-  
fied Michigan Rural Russets, and five  
acres adjoining with average local  
seed. Seventy bushels per acre of  
the Rural Russets were harvested  
this fall, while on the neighboring  
five acres, the local seed produced  
55 bushels per acre. Not only was  
the production from the certified  
seed 15 bushels per acre higher, but  
the size and quality of the potatoes  
were also much better, according to  
county agent, C. A. Buechner, who  
arranged for the demonstration.

## A RELIC OF THE WAR

**RICKETY PARIS TAXI THAT HELPED SAVE FRANCE PUT IN WAR MUSEUM OF HOTEL DES INVALIDES**  
Photo of the "taxi symbolique" and its chauffeur, Louis Gouault, which was recently ceremoniously installed in the war museum of the Hotel des Invalides, Paris. This rickety old car, like its driver, is a war hero—for it is one—the typical one—of the hundreds of cabs which were commandeered to rush soldiers to the front, to check the flood of the German Army toward Paris, eight years ago. Number 262G-7—a veteran even when Gouault volunteered at the call to save Paris and carried the soldiers to the front—today is riddled with bullets, creaking with age; but it wheezed its own two cylinder way to the museum with Gouault, the proudest chauffeur in all Paris, at the wheel. Gouault, by the way, is 52 now and was beyond the draft age at the time of the threatened invasion of Paris—but he disregarded his years.

## AMUSEMENTS

### Elsie Ferguson At Princess

A jump from a steamship into the sea and who is rescued by a sea-plane, is the chief figure in one of the most dramatic incidents of "Outcast," a new Paramount picture starring Elsie Ferguson, which will be a feature at the Princess Theatre today and Saturday.

The story of this impressive and thrilling photoplay deals with the efforts of Miriam, a deserted wife who is thrown into the streets through poverty, to reclaim a man who dissipates because of his hopeless love for a field woman. The various phases of this picture narrative which have their climax in an attempt at suicide and rescue at sea, are highly thrilling, and in all the role portrayed by Miss Ferguson is said by her to be one of the strongest she has essayed during her seven career of five years.

"Outcast" is a pictureization of the play of the same name by H. H. Davies, in which Miss Ferguson starred in New York in 1914. The role of Miriam is an exciting one requiring historic ability of a high order.

David Powell, well-known leading man, plays opposite Miss Ferguson, and Mary MacLaren, who was leading Woman for Wallace Reid and other stars, has the role of Valentine.

The supporting cast includes among others, William Powell, William David, Charles Wellesly and Teddy Sampson.

### Western At The Mystic

Henry B. Walthall has the character lead in "The Long Chance" at the Mystic Theatre today.

Ralph Graves has the romantic leading role.

Marjorie Daw is opposite him—in a "triple" role, portraying one character and another character at two ages, twenty years apart.

Grace Martin, William Bertram, Jack Curtis, Boyd Irwin, Leonard Clapham, George A. Williams, Margaret Cullington and Mai Wells have other principal roles.

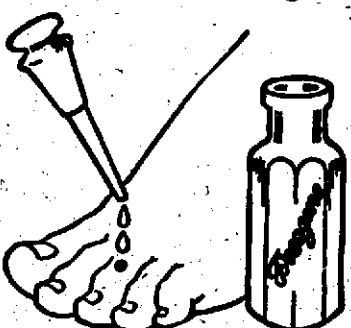

Jack Conway directed this imposing aggregation of famous players. The scenario he worked from was prepared by Raymond Schrock, supervisor of the Universal City scenario department. The story itself is by Peter B. Kyne.

"The Long Chance" pictures the old West as it really was. The story is dramatic, but there are no fast moving squads of drunken cowboys and no senseless gambols of reckless posers. The local is the Mojave desert in bold mining days and twenty years later, and the story is developed logically without lessening the "hurray" element in the popular conception of the West, according to those who have viewed the picture.

"The Long Chance" is typical of a series of all-star productions Universal is making.

## No more Rheumatism

*Suffering has gone from your face, mother!*

**S. S. S. is the Great Builder of Red Blood Cells and Rheumatism Must Get Just Try It!**

"Rheumatism? Me? No, indeed, it's all gone, every bit of it. It's a miracle and joy for me now for the first time in years. I feel a wonderful glow again in the free motion. I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bent way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red blood cells, the entire system undergoes a tremendous change. Everything depends on blood strength. Blood which is minus sufficient red cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood cleanser. Blood-building system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run-down, tired men and women, beautifies complexion, makes the flesh firm, start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

### DEAD SOULS IN A LIVING BODY

E. Richard Edwards Refers to Those Who Live in Pleasure and Are Dead to Higher Life

### "STINK" IN THEIR SINS

Says Jesus Did Not Weep Because Lazarus Was Dead but Because of People's Unbelief

Another fine audience enjoyed an excellent sermon Thursday night at the Main Street Christian church by the Rev. E. Richard Edwards on, "A Modern Lazarus." He said in part: "Physical death presents no problem to God or Christ. Jesus did not weep because Lazarus was dead but because of the people's unbelief and their being spiritually dead. 'She that liveth in pleasure is dead while she liveth' so those souls that are given to the pleasures of the world are dead to the higher and holier things of life.

"Dead souls in a live body. They who know more about the 'King of Diamonds' than the 'King of Kings' are dead souls walking around town and many of them, like Lazarus, have been dead so long that they 'stink' with their sins.

To the people who were alive and standing around the tomb of Lazarus Jesus said, 'Take ye away the stone' so the Christian and church must remove the 'stumbling stones' that prevent the power of Christ from working the miracle of raising these dead souls to life again. Loose him and let him go' were Christ's last words to his friends. So we must loose these fettered souls and set them free to live the higher and better life which is in Christ.

Tonight the subject of the sermon will be "What Does it Matter?" Sunday morning he will speak on "Reaching the Ideal; What it Costs," a special message to young people. The theme for Sunday evening will be "Life and the Problem of Good Roads."

Mrs. L. C. Overdorf and Miss Florine Gronier sang a beautiful duet Thursday night. At the Sunday morning service Mrs. Charles Offutt will sing and at the evening hour P. W. Oren. At the service tonight Lloyd Nelson, will sing. There were two additions to the church at the service last night. The Rev. W. H. Law, pastor of the Christian church at Orange, was present and participated in the meeting.

### Health of Nation Depends on Strength of Its Mouth

Chicago, Jan. 19.—The health of the nation depends on the strength of its mouth.

Teeth, tongue and lips are the strongest fortress against disease or the surest road to ill-health, Dr. A. W. Thornton, dean of dentistry at McGill University, Montreal, declared here before the International Dentists clinic.

More than 10,000 dentists from the United States and Europe were on hand for the opening of the fifth annual convention.

"A nation can never be stronger than the health of its individuals," Thornton said. "The condition of the individual mouth relates physical energy and mental ability. The question of good teeth is a national issue and one of the greatest assets of any man, woman or child.

### COUGH KEMP'S BALSAM

### Now is the time to fight constipation with Bran—Start to-day!

Don't give the diseases that follow in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN; Kellogg's Bran cooked and krumbed—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knicks out the dangerous toxic poisons and frees the system from pollution! Try Kellogg's Bran for a week. Eat it regularly—two tablespoonsful each day; as much each meal in chronic cases. You will be astounded at the difference in your feelings!

Kellogg's Bran should not be con-

fused with common bran which is unpalatable and difficult to eat. Kellogg's Bran is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal for cook or mix it with hot cereal. In the latter cases add two tablespoonsful for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics?

Kellogg's Bran is particularly delightful made in raisin bread, in macaroons, popovers, muffins, etc. Recipes are printed on each package!

You will say that Kellogg's Bran is a blessing to humanity.

All grocers sell Kellogg's Bran!

### TO REDRAFT LIMIT OF IMMIGRATION

House Immigration Committee to Change Three Percent Limit so as to Stand as Permanent Law

### TO CONSIDER MANY CHANGES

President Recommends That All Immigrants Register Several Times to Keep Tab on Them

By LAURENCE M. BENEDICT  
(U. P. Staff Correspondent)

Washington, Jan. 19.—The house immigration committee in the house today has set out to redraft the "three percent" immigration limit into such shape that it will stand as a permanent law.

A score or more changes will be considered. One of the most important is President Harding's recommendation that all immigrants be required to register several times a year so a close tab can be kept on their activities and the pace which they stimulate American ideas.

Another major proposal to be taken up by the committee is that the three percent law be based upon the census of 1890 instead of the census of 1910. Going back to the 1890 census would greatly increase the quotas for the northern countries of Europe which would supply desirable immigrants and at the same time reduce materially the quotas for the countries of southern Europe.

Among other changes to be considered are:

More drastic penalties for steamship companies which bring over allies who obviously are not qualified for admission.

Setting of a definite numerical quota for some of the smaller European and a new rule providing that immigration wing from these countries must be spread out evenly each year over the month.

Provision that the wives of alien citizens may enter anytime although the quota of her country may be exhausted.

The committee does not intend to consider further at this session the proposal that the army intelligence tests be applied to all incoming aliens.

### TWO POINTS CONSIDERED

Would Urge Dropping Harris Bill and Delaying Legislation, Making Extra Session Possible

By PAUL R. MALLON  
(U. P. Staff Correspondent)

Washington, Jan. 19.—The scattered elements of the Democratic party are being reunited through secret conferences now being held in Washington.

Definite congressional and popular policies are being decided upon so that a united program may be carried out between now and the 1924 presidential election.

First William Jennings Bryan came to confer with the board of directors of the party: Senators Underwood, Harrison, Robinson and Simmons, who formulate the congressional policies of the minority.

Now William G. McAdoo, who is visiting his father-in-law, Woodrow Wilson, has met these congressional leaders and attempted to sway them to concerted action, bringing the view of the Democrats from the far and middle western regions.

As a result of these conferences two points are being considered:

1—Delaying legislation so as to make an extra session of the new and more progressive congress possible.

2—Dropping the Harris bill which would force appointment of

### INDIANS EXPECT HUGE SUMS OF EASTERNERS

Philadelphia Offers One Million Dollars as Settlement of Claim to Land in Pennsylvania

### ADMIT LEGALITY OF CLAIM

Appleton, Wis., Jan. 19.—Oneida and Tuscarora Indians living on reservations in Outagamie and Brown counties, have been offered \$1,000,000 by the city of Philadelphia as a quick settlement of the claim of the Indians to a strip of land in the Pennsylvania metropolis, according to announcement made by Mrs. Laura Cornelius Kellogg, highly educated Oneida Indian, who recently returned from the east where she investigated the claim.

It is said by Mrs. Kellogg that Philadelphia officials admit the legality of the Indians' claim and an investigation is to be made to determine its extent. About 3,800 persons will be eligible to share in the \$1,000,000 award, each receiving approximately \$300.

Mrs. Kellogg is also investigating claims of six tribes of Indians to approximately 6,000,000 acres in New York State. The territory includes the cities of Rochester, Syracuse and Buffalo and the claim is based on the treaty of 1784, which the Indians say has been violated.

No occupants of this land have a title to their property, it is claimed, and settlement in this case is almost certain.

This case will be prosecuted in the near future with about 15,000 Indians involved. Each will receive about \$80,000 if they recover. Mrs. Kellogg has spent several months in the investigation and is being assisted by a committee of the Six Indian nations and a former member of the New York State Indian commission.
